DRUG SUSPECTS NABBED IN KELOWNA

POLICE NOOSE CLOSES

Jordan In Eye Of New Strife

From AP-Reuters

Jordan again was the focal point of strife in the Middle East today, with more Israeli planes raiding Arab guerrilla hideouts and the guerrillas in turn striking at Israeli soldiers. The Israelis said two of their jet fighters bombed and strafed a guerrilla stronghold inside Jordan after guerrillas attacked an army patrol in the Beisan Valley.

The planes launched a 25-minute assault on Adassiya, an uninhabited cluster of huts facing the Israeli settlement of Ashdot Yaakov near the southern shore of the Sea of Galilee.

Witnesses said the planes encountered anti-aircraft fire but returned to base undamaged. The patrol also was unharmed, they said.

One guerrilla was killed. Infiltrations in this area,

heavily mined and fenced off, are rare.

Witnesses said several sacks filled with explosives were left behind by the guerrillas.

Witnesses said several shells from Jordan crashed into a children's nursery at Ma'oz Haim, a few miles south of Ashdot, several hours before the air strike.

The children were sleeping in underground shelters and were not injured.

A Jordanian military spokesman in Amman said Jordanian ground fire drove off the Israeli aircraft as they machine-gunned the Adassiya area.

There were no casualties or damage in the raid, he said.

The spokesman announced earlier that Israeli troops opened machine-gun and tank gun fire on Jordanian forces in the Adassiya and Baqoura areas in the northern Jordan Valley.

VOLUNTEERS HELP CLEAN-UP

Bird's eye view of Aquatic clean-up campaign currently going on at the site of waterfront fire June 14 which leveled the Aquatic complex, spurred by Aid. E. R. Winter, the mopping-up operation is

being hastened by voluntary help from Serwa Bulldozing Ltd., and Durbin Bros. Contractors Ltd., as well as trucks from Douillard Construction Company, Welder Excavating Ltd., J. W. Bedford Ltd., and

West Lake Paving and Aggregates Ltd. The task is being implemented by help from two city trucks manned by volunteer assistance from four city employees as well as seven employees of E. Winter and

Son Ltd. Even Kelowna Teen Town boys contributed to the community effort in the race against time to meet the Aug. 6 Regatta deadline.

Valley-Wide Swoop Follows Major Probe

By DOUG MacDONALD
Courier Staff Reporter

An early-morning raid by RCMP on two Kelowna residences brought to a climax here a major narcotics investigation which today is leading to arrests throughout the Okanagan-Kamloops area.

The long arm of the law is sweeping clean with arrests on drug charges already made in Kelowna, Nelson and Vancouver; more arrests are expected immediately here and in Kamloops and possibly Vernon, RCMP spokesmen said today.

Two undercover agents have been working on the case since late April in the Okanagan-Kamloops district, and moved into Kelowna May 24 to close the trap here.

John Robert Young, 18, a recent high school graduate, and a local juvenile, were arrested at their homes about 6 a.m. today by two Kelowna RCMP officers.

Young appeared before magistrate D. M. White today charged with two counts of trafficking in marijuana. He was remanded without plea or election to July 3; bail was set at two sureties of \$2,500, one of them in cash.

The juvenile, also a Kelowna resident, is charged with two counts of trafficking in marijuana and hashish, and one count of possession of hashish. He will also appear today in closed session of juvenile court.

Police were expecting quick arrest of four other suspects in the Kelowna area today in regard to the same investigation.

LSD CASE
Meanwhile, police have closed in on suspected drug traffickers in Nelson and Vancouver.

Thomas Walter Littlewood and Annette Popow, of Nelson, were arrested today in Nelson and both charged with trafficking in LSD.

In Vancouver, Wayne Randal Pilon was arrested today and also charged with trafficking in LSD.

Littlewood, Popow and Pilon are to be returned today to Kelowna to face their charges in court.

S. Sgt. G. L. Simons, in charge

of the Kamloops detachment, said arrests "are expected today." Investigations there, almost completed, are expected to lead to a possible four arrests.

In Vernon, an RCMP spokesman said "there is a possibility that arrests are imminent" resulting from the same far-reaching investigations, but that investigations are not completed.

"It's a little too early to be specific," he said.

Police were releasing few details of the investigation, except that two undercover agents were responsible for the Valley-wide "bust" of suspected narcotics traffickers.

In Kelowna, RCMP said other investigations are continuing into the narcotics business. The most recent "bust" is one of the largest ever organized in the interior.

Death River Flowing On

THE HAGUE (CP) — Dutch scientists say an insecticide is the substance that has killed millions of fish in the Rhine River and threatens to pollute the water supplies in Dutch and German cities.

But West German officials said they could not confirm the Dutch report Tuesday night. "We're still very much up in the air because we don't know the origin of the poison," an official of the North Rhine-Westphalia agriculture ministry said.

Shooting Stirs Race Violence

OMAHA, Neb. (AP) — A policeman responding to a break-in report shot and killed a 14-year-old girl late Tuesday night, setting off a wave of vandalism, burglary and looting in the predominantly Negro North Side.

The girl, a Negro, was Vivian Strong, daughter of Mrs. Casey Strong. Officers said a policeman, not yet identified by officials, shot her once in the base of the skull when a small group of young persons began to scatter and run.

GLOBAL NEWS-SCOPE

Redistribution Spices Vote Taken In Manitoba Today

WINNIPEG (CP) — Redistribution has spiced the suspense as Manitobans vote today in a provincial election.

Chief among the imponderables was how the city dweller would use his greater voice after a redrawing of electoral boundaries which added nine urban seats in the 57-member house, for a total of 29.

Choices open to the 521,240 eligible voters were to elect Premier Walter Weir's Progressive Conservatives to a fifth consecutive term—the party has been in power since 1958—or elect a Liberal or New Democratic Party government.

Police said Rafael Torres was picked up at his home shortly after he called his brother and told him he had killed his wife

Maria, 40, all six of their daughters and one of their three sons. Police identified the other victims as: Lillie, 8; Anne, 10; Victoria, 11; Fay, 12; Carrie, 17; Ann, 19, and Mario, 20.

NO HOPE
SALISBURY (Reuters) — Premier Ian Smith said today he is convinced there is not an "earthly hope" of renewed talks with Britain on the Rhodesian independence feud.

BOMB FOUND
HOLYHEAD, Wales (CP) — Police today discovered a powerful bomb on the pier where Prince Charles will set foot next week on his way to investiture as Prince of Wales and an army team defused it.

St. Jean Baptiste Day Parade Becomes More Like A Riot

MONTREAL (CP) — Slogan-chanting youths ran wild through city streets Tuesday as the annual St. Jean Baptiste Day parade became a scene of nationalist action for the second straight year.

Twenty persons were arrested and six policemen were injured—none seriously—after demonstrators smashed windows, overturned potted trees and mailboxes, and strewn garbage on downtown streets.

The demonstrators smashed the front window of the Queen's Printer book shop, which carried portraits of Prime Minister

Trudeau, and there were reports of minor looting in other stores.

At last year's St. Jean Baptiste Day demonstrations nearly 300 persons were arrested and 135 injured.

Prime Minister Trudeau, whose presence at last year's ceremonies infuriated separatists, did not attend this year.

About 1,100 policemen were on duty for Tuesday's parade.

HAD NO PERMIT

The demonstration march, organized by the nationalist Front de Liberation "Bourgeois", was held without a parade permit.

Forest Workers At Any Rate Happy About Damp Weather

Soggy weather which spiked the beginning of Okanagan summer also saved a good deal of its commercial timber.

Days of rain and cool temperatures have turned the Sugar Lake fire into a smoldering remnant of the 1,750-acre blaze which burned out of control for more than a week.

Lumber ranger officials report that most of the 200 men, 10 bulldozers and aircraft which fought the fire at its peak have been withdrawn from the woods and only a skeleton crew remains.

Forty men with two bulldozers are still spotting around the fire, but the hazard in the district is low and ranger officials report that "all is quiet."

At last estimate the fire had destroyed 5,000,000 board feet of commercial timber and cut a swath through acres of regrowth and wildlife area.

High winds and rough terrain hampered fire fighters' efforts

to contain the blaze which is believed to have been touched off by a camper's carelessly dropped cigarette.

Final destruction tallies have not been made but it is expected that acreage blackened and timber destroyed will increase from last estimates.

Air Crash Man 'Satisfactory'

BANFF, Alta. (CP) — Mervin Hayward, 45, of Vernon, B.C., a passenger in a Mooney C20 which crashed here Monday

killing its pilot, was reported in satisfactory condition Tuesday night.

Hospital officials said Mr. Hayward was "only suffering from shock and had a few lacerations."

Earlier reports said Mr. Hayward had a severe concussion, a broken leg and multiple chest injuries.

Pilot Walter Ivan Neilson, 49, of Vernon and formerly of Kelowna, died in the accident.

WORLD NEWS IN A MINUTE

Pancho Wins

WIMBLEDON (AP)—Aging Pancho Gonzales, refreshed by a night's sleep, fought off six match points today and went on to defeat fellow American Charles Pasarell 22-24, 1-6, 16-14, 6-3, 11-9 in the longest singles match ever played in the Wimbledon Lawn Tennis championships.

Driver Killed

PRINCE GEORGE (CP)—Roy Edward LaRocque, 21, of Vancouver was killed Tuesday when his car rolled into a ditch at Mile 594 of the Alaska Highway.

Food To Burn In Aid Of Peace

AHMEDABAD, India (Reuters) — A leading Hindu spiritual leader plans to burn more than 9,000 tons of food in a sacrificial fire later this year "to foster universal peace and the welfare and prosperity of the human race."

Ottawa Plans For Repeal Of Indian Act

OTTAWA (CP) — The federal government said today it is prepared to propose to the provinces that they take over responsibility for Indians "as they have for other citizens in their provinces."

The Indian Act would be repealed and the federal government would ask Parliament "to take such legislative steps as may be necessary to enable Indians to control their lands, and to acquire title to them."

The statement on Indian policy was tabled in the Commons by Indian Affairs Minister Jean Chretien.

Federal funds normally provided for Indian programs would be transferred to the provinces if they agreed to assume responsibility.

These funds could be augmented if necessary, the statement said.

CANADA'S FLAGS HAVE A PROBLEM

To Be Half-Masted Or Not, That Is The Question

By THE CANADIAN PRESS

Canadians out for a stroll Tuesday might have been confused if they had noticed government buildings—some were flying flags at full mast, others at half mast.

A Cross-Canada survey by The Canadian Press revealed there was confusion among officials about flag-flying protocol to mark the funeral Tuesday of Lord Alexander of Britain, former Canadian Governor-General, who died June 18.

For example, in Regina, the flag on the provincial district court house was at half mast, the one on a federal building a block away at full staff.

In Winnipeg, Manitoba, ordered flags on provincial buildings to be flown at half mast after a post-humous Cabinet meeting.

Saskatchewan, New Brun-

wick and Nova Scotia, flags on provincial government buildings were lowered the day Lord Alexander died. But one government building in Vancouver did not fly any flag.

Officials in Saskatchewan, Manitoba, New Brunswick and Nova Scotia said they had received "a directive" signed by State Secretary Jules Léger ordering the flags be flown at half mast on the day of the funeral.

ORDER WAS CHANGED

But they said a countermanding directive was received later from Mr. Léger saying flags should be flown at full mast on Tuesday.

Yet, in Prince Edward Island, officials said they received no flag-flying protocol instructions. And so flags on federal buildings there flew at half mast.

Former prime minister John Diefenbaker raised the issue at

a press conference in Ottawa Tuesday, blasting the federal government for what he described as "shocking decisions."

"Mr. Diefenbaker said he had learned that Ottawa had sent an order to Manitoba that the flag was to be flown at full mast, and he assumed the same order had gone to the other provinces."

Mr. Diefenbaker said Lord Alexander was a Canadian privy councillor, and regulations provide that the flag is to be at half staff for the funeral of a privy councillor.

Here's the situation by provinces:

In British Columbia, militia units received instructions from Pacific region headquarters in Vancouver that flags should be flown at half staff on the day of the funeral. Apart from military units, flags were generally at

half staff. But an official of the veterans affairs branch in Vancouver, asked if the flag on his building was a full or half staff, reported the building was flying no flag.

ALL AT FULL STAFF

But in Victoria, the provincial secretary's office said neither provincial nor federal buildings flew flags at half staff "on orders from Ottawa."

In Kelowna, flags on civic and government property were not flown at half mast. Spokesmen for City Hall, the RCMP, the court house, and Yacht Club said that their flags weren't lowered. The Legion and CN Depot flew their flags at half mast.

A federal government official in Edmonton said the flags were at full staff "on orders from Ottawa."

In Calgary, a provincial government official said a message

from Edmonton had ordered all flags to be flown at half staff on Tuesday.

Saskatchewan's deputy public works minister, J. T. Kyle, said the province received a telegram from Ottawa Monday night directing that flags be raised Tuesday. In Saskatchewan, Lord Alexander had been at half staff since Lord Alexander's death June 16.

A federal spokesman in Regina said a telegram was received from Ottawa Monday, ordering that flags on federal buildings be lowered to half staff Tuesday.

Then a second telegram came at 4:30 p.m. CST Monday from the same source, directing that flags on federal buildings be raised Tuesday to their full height. This order was followed in the city.

In Manitoba, district director

of the federal works department, Harry Tod, said there was no directive one way or the other.

NOT NO DIRECTIVE

"This kind of important funeral, we usually get a directive one way or the other. We haven't, so we are flying the flag at full staff."

Norm Donough, director of public services of the Manitoba government, said there were instructions received Monday from Ottawa countermanning a previous order, sent to the lieutenant governor's office, to fly the flag at half staff, the day of the funeral.

Ontario government buildings in Toronto were flying flags at half staff. But M. J. Hartney, director of state protocol in Ottawa, confirmed that federal buildings were flying flags at

the top of the mast.

"On the instruction of the government, the lieutenant-governor were informed that flags would not be half-staffed on federal buildings and establishments throughout Canada on June 24."

Mr. Hartney said this was simply an informative note, not a directive. It was sent by telex under the signature of Jules Léger, under secretary of state.

In Quebec most Montreal government offices were closed Tuesday, but spokesmen for the RCMP and the post office said their flags were at full staff.

In Quebec City the provincial flag was the only one flying over the legislature—at full staff.

In New Brunswick, Less McCabe, of the provincial public works department, said flags on all provincial buildings were raised

lowered only the day Lord Alexander died.

In Nova Scotia, C. L. Beazley of the provincial secretary's department, said the lieutenant governor received a telegram June 16 from Mr. Léger saying that the prime minister had directed that the flag be flown at half staff from June 16 until the day of the funeral.

The telegram said that all federal government buildings and military bases and establishments in Canada were included.

Mr. Beazley said a second telegram from Mr. Léger said "Flags on federal government buildings and military bases and establishments will not be lowered to half-staff on June 24 as stated in our telegram of June 16."

Mr. Beazley said the province

HOMAGE TO EARL ALEXANDER

Kamloops Indians Shut Road Crossing Reserve

Members of the Kamloops Indian Band Tuesday stopped traffic and issued permits to vehicles using the old Shuswap road through the reserve. The road is the access road to the La-farge cement plant, currently under construction. Signed by band manager, George Calveley, the permits, which are issued free of charge, state: "This permit entitles the bearer to use the right of way known as the Shuswap road located on the Kamloops Indian Reserve No. 1 until further notice." The decision to issue permits was the latest move in the feud between the Indian band and the provincial government concerning taxes and local improvements.

Charles Munro, president of the Canadian Federation of Agriculture, urged Prime Minister Trudeau today to issue an immediate policy statement on aid to Prairie grain producers. In a telegram to the prime minister in Ottawa, Mr. Munro, of nearby Embarras, described last week's announcement that dead- lines would be extended for re- payment of 1968-69 Prairie grain advances as a useful measure.

President Juan Velasco an- nounced Tuesday night a sweep- ing land reform law that would in effect nationalize Peru's agricultural production. Observ- ers said it could lead to expro- priation of all uncultivated land in the country.

Ghanaian leaders Tuesday set Aug. 29 as the date for general elections which will bring this West African nation back to civilian rule after almost 3½ years of military government. Voters will elect the first civil- ian government since Kwame Nkrumah was ousted as presi- dent in a military coup led by army and police officers Feb. 24, 1966.

The federal government may abolish its department of In- dian affairs by the end of this week, a special assistant to Robert Andras, minister in charge of housing said Tuesday in Kingston, Ont.

President Jorge Pacheco Areco Tuesday imposed a state of emergency to stem a new wave of strikes, terrorism and un- rest sweeping Uruguay. Resort- ing to security measures less than 48 hours after the visit of New York Gov. Nelson A. Rocke- feller, the government banned strikes, union meetings, public gatherings and publication of news about the unrest.

Westbrook Pegler, whose thorny prose and unfettered at- tacks on a host of targets made him one of the most contro- versial figures of his time, died Tuesday of congestive heart failure in Tucson. He was 74.

As the guns, drums and pipes of lament and ceremony faded

CHARLES MUNRO
... 'help prairies'

in the distance, the body of Earl Alexander of Tunis was quietly taken for burial Tues- day in a little country church- yard about 20 miles north of London. Alexander, 'hero of Africa, Sicily and Italy and the last British-born Governor-Gen- eral of Canada, found his final resting place in the tiny Hert- fordshire village of Ridge near St. Albans.

William Wosk, operator of seven off-track betting-messen- ger shops in the Vancouver area, failed to appear in court Tuesday on gaming charges. Magistrate Bernard Isman is- sued a bench warrant which will be held to permit Wosk, a scrap metal dealer, to appear in court Friday with his coun- sel.

RCMP Tuesday were attempt- ing to recover a car from the Skeena River following a week- end highway accident in which a man and six children are be- lieved to have drowned. An RCMP spokesman said in Ter- race they are satisfied Ernest Angus, 49, his children, Elliot, 18; Betty, 12; Dennis, 9; and Richard, 8; and his grandchild- ren, Wendy Brown and her seven-month-old brother, Kevin, were in the car when it plunged into the river Saturday.

A 19-year-old girl, Randi Jang, died in hospital in Prince George Tuesday from injuries she suf- fered in a two-car collision on the McKenzie Highway last week. Miss Jang failed to re- gain consciousness after suffer- ing multiple fractures and severe head injuries.

A two-year-old girl died in Prince George Hospital Tuesday a day after she tumbled into a swimming pool. Dead is Cindy Ewart, daughter of Dr. Robert Ewart, a Prince George physi- cian. Doctors fought through the night in an unsuccessful attempt to save the little girl's life.

The Nationalist Chinese am- bassador to Canada said Tues- day in Vancouver he is sure "Canadians won't turn their backs on their friends," in cur- rent negotiations between Can- ada and mainland China. Yu-chi Hsueh said at a press confer- ence he was distressed that Can- ada is now holding preliminary talks in Stockholm with the Chinese on the possibility of diplomatic recognition.

The director of the northern economic and development branch of the federal govern- ment has urged caution in as- suming that low levels this spring on the Mackenzie River be blamed on the Bennett Dam in northern British Columbia. Digby Hunt, speaking during committee discussion Tuesday at the 39th session of the North- west Territories Council in Yel- lowknife, said there was sus- picion that the situation may have been caused by several other factors.

Negro Bomber Shot And Killed

HARRISBURG, Pa. (AP) — An 18-year-old Negro was shot and killed and firefighters, after four firemen were injured, re- fused to respond to alarms as a racial disturbance continued in the Pennsylvania capital for a second night Tuesday.

Police Chief Martin Watts said: "Patrolman Raymond Ker- tulis, who is white, shot and killed Charles Scott. Kertulis claimed he fired on Scott after catching him lighting a gasoline bomb. Watts said Kertulis has been relieved of duty.

Mayor Albert Straub ordered an 8 p.m.-7 a.m. curfew.

Fire trucks were damaged by flying bricks and firemen re- ported they had been shot at. They responded to at least 10 calls—most of which were false—be- fore deciding against making further runs.

Flood Control Was Needed

RED BOILING SPRINGS, Tenn. (AP) — Three years ago, conservation experts proposed a flood control plan for this town of 900.

"But we couldn't raise the \$30,000 we needed for our part of the cost," Mayor Willis Knight revealed, hours after a flood swept the town's streets, killing one young girl and carry- ing off her sister.

Four homes were swept away when a cloudburst swelled Lime Creek to a torrent. As many as 20 businesses and 35 homes were under two to five feet of water, while 35 cars were car- ried from a used car lot and 20 more from an auto parts store.

Judy Died 'Accidentally'

LONDON (AP) — A coroner's inquest ruled today that enter- tainer Judy Garland's death in her Chelsea, home Sunday was accidental following an "incau- tious self-overdosage" of bar- biturates.

The inquest in a courthouse near the houses of Parliament was called to determine what happened to Miss Garland, 47, who had won worldwide acclaim but was dogged by divorces and suicide attempts.

Her fifth husband, former New York discotheque owner Mickey Deans, said she occa- sionally took tablets for sleep- ing.

"Judy always locked the bath- room door," he told the court.

"She told me this habit went back to her MGM (Metro- Goldwyn-Mayer) days when she was a little girl of 11 standing in a slip with men walking all around her and she felt self-con- scious."

Deans said Miss Garland "drank very little as opposed to what people think."

"She left a lot of drink around the house but she sipped more than she drank," he said. "She was not a drinker in the true sense."

Deans found his wife's body in their bathroom.

The verdict ruled out any sus- picion of suicide. Friends had said before the hearing that Miss Garland had been extreme- ly happy in London since her marriage to Deans.

Coroner Gavin Thurston said there was no question of alco- holism and he also ruled out any question that Miss Garland had meant to take her own life. He said there was no sign of cirrhosis of the liver.

A YEAR TODAY . . .

Trudeaumania Still Grips

OTTAWA (CP) — One year ago today, Prime Minister Tru- deau was elected with the first majority government since 1962, and Canadian politics entered a new era.

Trudeaumania gripped Can- ada, it seemed, as the 49-year- old bachelor prime minister stumped the country to win 155 seats, compared with 72 for the Conservatives, 22 for the New Democratic Party and 14 for the Creditists. One independent was elected.

"There has to be a letdown," Mr. Trudeau said, in reference to the screaming thousands that surrounded him.

Now, after a year of his ma- jority government, which has included some major govern- ment reorganization, policy re- views and personality changes, it seems that most Canadians are still reluctant to pass final judgment.

Particular issues and condi- tions that have plagued the gov- ernment through its first year involve low wheat sales and ris- ing costs. While the serious- what situation on the Prairies has, in the eyes of most Liber- als, damaged the party's stand- ing in the West, the high living

costs are seen as a slow-burn- ing national problem that has dis- satisfaction simmering every- where.

But with an election up to four years away, even oppo- sition members say a current cri- sis does not necessarily mean any long-term dangers for a government.

PURSUES REFORM
Meanwhile, the government is pressing ahead with its pledged reform programs.

Mr. Trudeau's personal per- sistance with constitutional re- form seemed to result in a leap forward earlier this month, when provincial premiers left a closed federal-provincial consti- tutional conference, claiming it was the most productive ever held.

While the defence and foreign policy reviews are still in pro- gress, the government has made a controversial decision to withdraw some of its 10,000 NATO personnel from Europe, and it has opened negotiations for an exchange of diplomats with Communist China.

Ex- ternal Affairs Minister Mitchell Sharp has been under severe opposition fire for the way both decisions are being handled.

On the domestic side, there was a long parliamentary storm over the government's sweeping changes in the Criminal Code which, among other things, legalizes homosexual acts be- tween consenting adults in pri- vate and allows for therapeutic abortions.

CLAUSE WITHDRAWN

There was a prolonged Com- mons squabble last December over a series of rules changes brought in by Liberal House Leader Donald S. Macdonald.

While only third reading re- mains in the Commons, it has caused some open and embar-assing disagreements within the Conservative party.

but most were accepted after the government agreed to with- draw a controversial clause that would have allowed govern- ment-imposed time limits on de- bates.

A few days ago, a similar rule was again proposed, threatening to delay the summer recess originally scheduled to start next week.

One piece of legislation high on Mr. Trudeau's priority list this session was the official lan- guages bill which gives official recognition to the French lan- guage—in federal jurisdictions outside Quebec.

While only third reading re- mains in the Commons, it has caused some open and embar-assing disagreements within the Conservative party.

TODAY'S STOCK QUOTATIONS

TORONTO (CP) — A rally that began Tuesday and inter- rupted a six-day slump contin- ued on the Toronto stock mar- ket in mid-morning trading today.

The industrial index was up .68 to 176.70.

Gains outnumbered losses by about 2½ to one in active trading.

Bank stocks led the advance. Canadian Imperial, which will increase its prime rate to 8½ per cent from 8, was up ½ to 19½. Royal ¼ to 20¼ and Bank of Montreal ½ to 13¼.

Bank of Nova Scotia slipped ¼ to 21¼ and Toronto-Dominion was unchanged at 20.

Revenue was down ½ to 5½ while Victoria Wood rose 2 to 11.

Victoria Wood fell 6¼ Tues- day and Revenue 4¼ after the Ontario Securities Commission announced charges against the companies in connection with a prospectus issued earlier this year by Victoria Wood, a Re- venue subsidiary.

Alberta Gas Trunk was up ¼ to 42¼, Aquitaine 1 to 21¼, Nor- anda 1 to 32¼, Riley's Datas- hare 1 to 12, Bethlehem ¾ to 14¼ and Ranger ¾ to 15¼.

On index, western oils were up 2.20 to 255.13 and base met- als .58 to 104.72. Golds were down .20 to 219.46. Volume by 11 a.m. was 1,041,000 shares compared with 1,046,000 at the same time Tuesday.

NEW OFFICERS of the Kelowna Rotary Club, installed last night are: seated left, Dr. M. J. R. Leitch, vice president; John Dyck, president; and H. R. Fretwell, director. Standing, left, Ray Pascoe, director; Dr. D. F. Morrow, director; Dr. Harold Henderson, installing officer; and Charles Pettman, director. Missing is Dr. Frank McNair, director. —(Courier Photo)

Kelowna Rotary Installs Officers

John Dyck was installed as president of the Kelowna Rotary Club at ceremonies held at the Capri last night attended by 125 persons.

Installing officer was past district governor Dr. Harold Henderson who is also a member of the club.

Taking office with Mr. Dyck were Dr. M. J. R. Leitch, vice president; directors H. R. Fretwell, Dr. F. E. McNair, Dr. D. F. Morrow, Ray Pascoe and C. A. Pettman. Secretary is G. E. Ducharme and treasurer is T. C. Melville.

Immediate past president is W. T. J. Bulman, who was unable to attend due to illness.

Chairman for the ceremonies was past president Harry Webb. Special guests included Mr. and Mrs. Don Johnston, Lions; Mr. and Mrs. Ab North, Rutland Lions; Mr. and Mrs. Percy Tinker, Kiwanis; Mr. and Mrs. Norm Williams, Kinsmen; Mr. and Mrs. R. P. MacLean, publisher of the Daily Courier and Mr. and Mrs. Thomas Hill, Canary Islands.

STILL GROWING

Dr. Henderson in a short address said that Rotary is continuing to grow with more than 650,000 Rotarians now throughout the world. He gave as an example the induction recently of 120 new Rotarians in the Olympia district.

"Younger men are joining Rotary now," he said, "and they are also becoming officers and presidents."

In his travels as district governor he said he has met more and more young presidents, a sign of the interest younger men have in Rotary work.

Dr. Henderson reminded Rotarians their object is to foster service, develop acquaintances, help highly intellectual students and advance international peace and goodwill. He also told them

the Rotary Foundation is one of the main aims of Rotary.

"We must take advantage of programs that are useful to the community," he concluded.

New president John Dyck in his opening remarks asked to turn back the clock about 15 minutes to read the report of past president Bill Bulman's year in office.

Some of the highlights of the report showed that the 1968-69 year saw the club celebrate its 41st birthday.

VERY BUSY

It was the year Kelowna Rotary brought opera, amateur and professional ballet to Kelowna and its continuing program is to bring cultural activity to the community, the report showed.

The resume mentioned sponsoring of the Boys' Choir, Senior Citizens' annual Christmas party, Rotary Beach and Pleasantville Homes. This year the Senior Citizens' homes, project 4, was completed bringing the total to 50 units for low rental housing.

The report mentioned three Kelowna Rotarians who participated in various leading capacities at district leadership forums and assemblies. They were Dr. Henderson, in Quincy last fall; past president Ted Dodd and Mike Utley in Vernon recently.

Kelowna Rotary was fortunate to host seven persons from Bolivia under the Rotary Group Study Exchange. With the cooperation of the Capri East Rotary the visitors were shown many areas of the Okanagan Valley.

The Kelowna club has selected Lloyd Schmidt to represent the area for the return visit to Bolivia.

The report went on to mention the many other activities and projects the club had during the year.

President John Dyck in his short talk said the active involvement of many Rotarians has made the foregoing report possible.

"Each knows his own contribution," he said. He thanked the members of the club on behalf of retiring president Bulman extending a thank you for a job well done.

He went on to say that a vice-president, when he takes office, expects times when he stands in for the president and last night he did so with regret.

"Bill Bulman has been a leading force to Rotary this year," Mr. Dyck said, "yet if he were standing here he would take no credit."

"To his devotion and dedication Kelowna Rotary owes a successful year," he said.

Mr. Dyck said he is honored to serve as president of the club for the coming term.

He spoke of this year's theme "Review and Renew" as not striking him very powerfully but then neither did last year's theme, the one chosen by the international president, "Participate," but the idea grew.

"It means involvement, individual involvement," he said. "It means to give of oneself selflessly to gain far more than you give."

"Let's use last year's theme for this year's Rotary, participate for your own sake and mine. Without your involvement we accomplish nothing but with involvement each one automatically will review and renew," he concluded.

Well-Known Kelowna Man Buried Today

Funeral services were held from The Garden Chapel today at 11 a.m., for Frederick Thomas Marriage, 79, who died Monday.

Well known in the city, Mr. Marriage was a school principal for many years, as well as organist for St. Michael and All Angels' Anglican Church.

Surviving Mr. Marriage are one son, Robert, of Penticton, and one sister, Miss Mabel Marriage, in England.

Services were conducted by Rev. Canon R. W. Brown, with interment at Kelowna cemetery. The Garden Chapel Funeral Home is in charge of arrangements.

Swim Club Plans Events

The Okanagan Swim Club with more than 50 members is active these days with swimming every other day at the Capri and Red Top pools.

The club, whose members range in age from seven to 16, have planned a number of events for the month of July. A Swimathon, a sequel to the walkathon, is scheduled for July 6 and 9 and swimmers will be sponsored.

An across the lake swim is planned for July 18 and the club will travel to Penticton for a swim meet July 25.

In order to raise funds to meet travelling expenses the club is sponsoring a bingo in the Legion Hall tonight.

U.S. Missile Output Cut

WASHINGTON (AP) — U.S. nuclear missile production has been halted for perhaps the rest of this year because of a crippling fire at an Atomic Energy Commission plant.

This situation—still unmentioned publicly by the government—is disclosed in the back section of a 1,400-page volume of official testimony recently released by a Senate appropriations subcommittee.

Government sources also give strong indications that testing of heads may be delayed by the blaze that hit a plutonium-handling facility at Rocky Flats, Colo., May 11. The official AEC position is that Safeguard deployment schedules will not be set back.

The impact of the fire, first serious blaze at an AEC plant, was laid before Congress behind closed doors nine days later when AEC leaders asked for \$45,000,000 to make repairs.

Most nuclear weapons require plutonium to trigger their atomic warheads.

Ottawa Rejects Airline Request

OTTAWA (Special)—An application by Morris Aviation Ltd. to operate a class 4 group C charter commercial air service and a class 7 specialty flying training service from a base at Kelowna has been turned down. The air transport committee of the Canadian Transport Commission said it was not satisfied that Morris Aviation had demonstrated any requirement for additional air services at Kelowna or that it would be in the public interest to grant the application. The company contended that the demand for the service was not being exploited to the best advantage and that with a stable population of 50,000 in the area and the advent of summer tourists, an additional air service would be beneficial. The application was opposed by Cariboo Air Charter Ltd. on the ground that there was insufficient business to support another air carrier and the approval of the application would cause financial hardship on the licensed carrier at Kelowna. The number of hours of charter service provided at Kelowna declined from 583 revenue flying hours in 1966 to 230 in 1968 although flying training activity increased by about 550 hours.

Transient Hits 'New Low' With Begging Episode In City

A migrant who reached "a new low ebb" by begging at a Kelowna auto court was sentenced to 30 days at the Clearwater Forestry Camp when he appeared in court today. Magistrate D. M. White said George Colter, of no fixed address, reached a new low on his lengthy record after pleading guilty to a charge of begging door to door. "There is absolutely no reason for a person in Canada to beg; there are agencies available to handle emergencies such as yours," Magistrate White said. Colter, who said he arrived in town "with just a few dollars," was arrested after auto court residents complained that he was going from door to door asking for food. He eluded RCMP once by hiding in an abandon car but was arrested later carrying a half finished bottle of wine in a shopping bag. Also in court today a Kelowna youth who hid in the bush near Lakeview Heights to avoid an RCMP patrol pleaded guilty to a charge of being a minor in possession of alcohol. Dennis Kupser, 19, was apprehended May 31 with four other youths after they fled from the beach into the bush when police appeared. Kupser, who claimed possession of a partially full case of beer when discovered by police, was fined \$50.

A guilty plea brought a \$200 fine and a four-months driving suspension to tow truck operator Layton Thomas Willmott, charged with impaired driving. Willmott was arrested at 12:45 a.m. today when found in his car after it had struck a two-way lane sign on highway 97. Reverend Father G. R. Zubak received a suspended sentence when he pleaded guilty of making an improper left turn. In cases heard Tuesday a Rutland man charged with pointing a firearm was remanded after entering a not guilty plea. Fred Pratt will appear for trial Friday. Garnet Luyden, also of Rutland, was fined \$100 after pleading guilty to a charge of driving without due care and attention and C. E. Esington, Kelowna, was fined \$75 for the same offence. A \$75 fine and a two-week suspension were levied on Edmond Zander, Rutland, after he pleaded guilty to a speeding charge. J. B. Braisher, Golden, was fined \$75 for following too closely and Loretta Solonas received a suspended sentence for driving without a licence. John Wallace was sentenced to two months in the Wells Grey Forestry Camp on a charge of begging. Clark Johnston, Kelowna, was fined \$50 for being a minor in possession.

CITY MEN ARE RE-APPOINTED TO COLLEGE COUNCIL BODY

Two Kelowna men have been appointed by the provincial government to another one-year term on the Okanagan College Council.

H. G. Buchanan and H. B. Simpson were re-appointed, along with representatives from Revelstoke and Vernon, to fill Victoria's complement to the college governing body.

Also returning to the board are G. L. Langford of Vernon and Dr. H. J. MacKay of Revelstoke. Mr. Langford replaced Dr. J. M. Turner, also of Vernon, in January.

The council is formed by appointments from the eight participating school districts, the provincial government and the lieutenant-governor-in-council.

The principal and one district superintendent of schools, currently F. J. Orme of Kelowna district 23, are also members.

Hands Tied By Indecision Five Regional Chairmen Claim

Regional district boards of five central interior areas are tired of playing "patty-cake" with Victoria and want more government financial assistance, greater authority and a sharper public image on the purpose and function of their offices. "The provincial government created regional districts and now that they have created them they don't know what to do with them," declared Dave Rogers, Nicola-Thompson regional district chairman, during an informal press conference at the Kelowna Golf and Country Club Tuesday.

The special regional tete-a-tete included representation by chairmen from Columbia-Shuswap, Central Okanagan, North Okanagan, Nicola-Thompson and Okanagan-Similkameen in the respective personages of F. H. Noel, W. C. Bennett, Mrs. H. A. Gilchrist, Dave Rogers and P. A. Farmer. Also in attendance was Central Okanagan regional administrator, Al Harrison.

Blasting everything from government grants and "cross-purpose" juggling to vague public definitions of regional district responsibilities and services, the casual meeting resulted in several unanimous conclusions. That regional districts were functioning merely as liaisons between the provincial governments and municipalities and that its administrative hands were tied through lack of greater autonomy.

Asked whether regional districts are living up to the original concept, consensus of opinion hinged on a "slow but sure" progress rate.

"We're coming to it," said Central Okanagan chairman, W. C. Bennett. "We're trying very hard," agreed P. A. Farmer, Okanagan-Similkameen chairman.

"I disagree completely," said Dave Rogers, Nicola-Thompson chairman, who claimed no progress would be made "until the provincial government confers on the regional district the authority to carry out its role."

The view was shared by Mr. Farmer. "We have to crawl before we can walk and walk before we can run," said Mr. Bennett.

Adopting a more reflective stand, Mr. Rogers "really couldn't say" not being the premier of the province. "My concept of the regional district is to provide a form of government for unorganized areas," he added, "and provide services they don't presently have." This thought found support from Mr. Bennett.

"I think the regional district serves a very important function, especially in planning," said F. H. Noel, Columbia-Shuswap chairman.

"The regional district carries out that function, claimed Mrs. H. A. Gilchrist, North Okanagan chairman, "better" and also offers unorganized areas and municipalities a chance to "work together."

The government, Mr. Farmer said, "has failed in its public relations. They haven't done a good public relations job on what the regional district can do" in spite of plans to make regional district aims and purposes known to the public.

"People aren't interested unless it hurts or they want to get somewhere," Mr. Rogers said.

On another question as to some of the major problems so far encountered, Mr. Rogers again took the answer lead by condemning the provincial government for "holding back authority to carry out the role in which we've been cast." He cited hospital financing as a frustrating example of cross-purpose "yeses and nos" from various government agencies before finally reaching referendum stages which again required a "yes or no."

The question of expense for additional meetings was the consideration by Mr. Farmer, which the regional district hadn't any right to impose on the taxpayer.

Regional districts would require two or three years to reach full operational efficiency, said Mr. Bennett, and this would need an investment of money to fulfill. Initial outlay for operation of regional districts would be "high," said Mr. Farmer, who foresaw the time when expenses would be defrayed directly by the taxpayer through the mill rate.

Mr. Bennett thought authority for decision making was "up to the regional district as a whole." Using the Kelowna Hospital Society as an example of amicable relations, he said his board had experienced "no problem" with the local medical group.

Summing up some of the things that needed "correcting," Mr. Rogers listed three areas of consideration: that hospital boards be "strengthened" and given the responsibility to plan and carry out new hospital construction to avoid extended delays; that works and services supplied by the regional district be financed on a "per-user" basis; and that the regional district not only have the power to implement planning, but the authority to carry it out.

How heavy is regional business becoming, and how much overload can regional boards take without defeating their own purpose?

"We'll just have to hold more meetings," opined Mr. Bennett.

SEEN and HEARD

Seeing and hearing a jet land is always exciting but sometimes watching the passengers file off the plane is as interesting. Passengers from Vancouver, who landed at the Kelowna airport last night, included a detective type wearing a tan colored raincoat, sunglasses and a frown, a hippie type "tripping" along in faded jeans and beads, a businessman type in a dark suit, carrying a briefcase and wearing the anxious expression that causes ulcers, and finally a robust Santa Claus type, the last one off, carrying the wrapped parcels and laughing merrily.

Even traffic lights need a face-lifting occasionally, and some workmen were busy Tuesday with intersection facelifts on the all-important blunders.

Boating Accidents Kill More Than 300 Every Year

The number of pleasure boats in Canada has passed the million mark, resulting in growing traffic congestion—the condition so prevalent on highways—on lakes, rivers and coastal waters.

The sharp increase in pleasure boating has generated the need for a much greater emphasis on safer boating practices.

The Canada Safety Council in co-operation with the Department of Transport is sponsoring and promoting a new campaign this year to help fill this need.

Next week is Safe Boating Week, and it is fully endorsed by Canada's major associations and organizations concerned with boating, stresses boating hazards, accident prevention methods and safety regulations.

More than 300 Canadians are killed in boating accidents every year, substantially more than are drowned while swimming.

Statistics gathered by the Council and other safety organizations show that two-thirds of these fatalities are caused by faulty boat operation and fully one-half by recklessness, overloading and sailing unseaworthy craft.

The great need for boat safety education is clearly demonstrated by figures showing that more than 80 per cent of people drowned in these accidents were not wearing lifejackets. Recklessness covers the "buzzing"

of other craft and shores by power boat operators, a practice which has taken the edge off holiday enjoyment for many vacationers. It is also illegal. Another reckless but common practice is night power boat operation without the required operating lights.

Overloading can be anticipated when you see a car carrying five adults and a car-top 12-foot boat. Everybody will get into that boat when it is launched and it will be dangerously over-loaded.

Unseaworthy craft include over-powered boats and those with rotting hulls being sailed for "just one more season."

The increased congestion of the waterways requires boat operators to know the rules of the road in collision course and passing situations as well as the necessity for a power boat operator to yield the right of way to sailboats, rowboats and canoes.

The amateur hour for boating has ended now that bigger and more powerful pleasure boats require operator skills considered by commercial sailors to be at least as demanding as those needed by a motorist.

Defences against boating hazards are not difficult to learn and small boat safety regulations are clear and to the point. Safe boating practices increase the operator's sense of security and the pleasure of boat passengers as well as those of other boats and all vacationers.

Guard Your Credit Card

Credit cards can be a boon to your vacation plans this year, but you could end up with one of the most expensive vacations in your life, if you lose them, warns the B.C. Automobile Association.

BCAA President G. Conway Parrott advised motorists that the convenience of having and using a credit card requires additional responsibility on the part of the holder.

"A credit card should be guarded more closely than cash, for there is no limit to what a thief or casual finder can do with many of them," Parrott said.

"Travellers, especially, should not carry any more credit cards than necessary, and should consider traveller's cheques, which are easily replaceable if lost or stolen, to assure they have funds available."

The auto club president offered these suggestions:

Don't carry credit cards loosely or leave them where others can pick them up. After use, get them back and make it a habit to return them to the same place.

Keep a list of the cards and their numbers. If they are lost or stolen, immediately contact the issuing company. All purchases prior to notification of the loss, may be charged to you. (Check warning and instructions on back of most cards).

Don't carry or retain cards you don't want. Return or destroy them.

When making a purchase, check the slip before signing. Your statement will be for what the slip indicates and adjustments may be difficult to obtain.

One-Way Street

(Calgary Herald)
Is bilingualism in Canada a one-way street leading westward?

The answer must be yes, to judge by advertisements posted by the Public Service Commission of Canada for jobs as director of experimental farms at Normandin, Quebec, and Kapuskasing, Ontario.

The duties of the two jobs are identical, as is the salary range of \$12,059 to \$13,517. The qualifications called for are similar except on

one major point. The Normandin job advertisement states that "proficiency in the French language is essential." The Ontario job calls for proficiency in both French and English.

Why should the director of the Kapuskasing farm be required to be bilingual while the director at Normandin need be only unilingual.

The advertisements make it appear that bilingualism in top federal posts only becomes a fact of life as you leave Quebec and head west.

Bygone Days

10 YEARS AGO
June 1959

Harry Jerome of Vancouver, running in the 10th annual track meet at Kelowna bucked a gusting 23 m.p.h. breeze, but tied the mile set by Mike Aronino of Trinidad in 1956 for the 100 yard dash. Acting Mayor Don Horton presented the ribbons to Jerome, Gordon Thorlakson (second), and Don Basham (third).

20 YEARS AGO
June 1949

A well known Okanagan Valley rancher and orchardist, Percy E. French of Vernon, passed away in the Vernon Jubilee Hospital, age 63. He had resided 37 years in the Vernon district. He was a member of the B.C. Tree Fruit Board since 1939, and a past president of the B.C. Federation of Agriculture.

30 YEARS AGO
June 1939

Formation of a flying club was instituted recently, when some thirty-one of the district gathered for the purpose. Promotion of aviation, and ways and means of obtaining active flying instruction are the main purposes. Capt. Goldsmith is president of the Kelowna Flying Club, G. C. Renfrew vice-president, and Arthur Lloyd-Jones secretary-treasurer.

WEATHER FORECAST

British Columbia and portions of Alberta are expected to receive light precipitation and above normal temperatures according to the 30-day weather outlook issued by the U.S. Weather Bureau. The Atlantic provinces are expected to have above normal

temperatures with moderate precipitation. Heavy to moderate rainfall and below normal temperatures are predicted for most of the rest of Canada. The outlook is not a specific forecast and changes may occur.

LETTERS TO THE EDITOR

PLANNING NEEDED

Sir: I see a need in Kelowna—a need to regulate urban sprawl and careless planning. Far too many areas in and around Kelowna are being flattened and buildings substituted for possible recreation areas, or children's playgrounds, etc. Far too often the decision is made to build as fast as possible in a "good" location, disregarding effect on the ecology and beauty of Kelowna. Why can't we plan to make possible natural renewal instead of urban renewal? Can't we just leave areas open for the birds, dogs, cats, and exploring children that are a part of us? Man-kind needs to be reminded that he is really a part of a wide, natural environment. If all he can see is concrete, cement, houses, apartments, parking lots, service stations, stores, cars—you name it—he tends, I believe to lose his identity.

But, I am not saying we can't have the benefits of technology. I am saying we should build around trees, around the rocks, around the creeks, and leave green belts for recreation whenever possible. The Japanese do this, thus preserving the beauty of natural surroundings and maintaining the ecology of a region as near as possible to its original, balanced state. However, this requires planning. And planning we must have in order to alleviate the burden of a strictly urban, crowded environment. Let us leave some of the orchards, some open, grassy lots, some if not all areas around and beside creeks, and remember that natural resources and environment are limited and we only can preserve it and ourselves.

I urge any one who feels somewhat like I do to stand up and say so. Write letters, go to city council, and instead of saying to ourselves, "What will they do now?" because I'm concerned, mad or frustrated."

I would dearly love to see a world sensitive to industry pollution, to lack of proper planning, to recreation, to the beauty and profoundness inherent in a cool stream or waving fields of grain or trees swaying in a light wind, and to the ideal that man and nature are one. If people realize we can change it because we have the power right now, let us do something! "A YOUTH!"

NO TEARS?

Sir: I'm sure there were no tears shed in Kelowna recently over the burning of the Kelowna Aquatic buildings—perhaps a few nostalgic memories of regattas past, but the feelings of the general public must have been a great sense of relief—relief that it went while it was relatively empty. The dining room staff apparently had a minute and a half to vacate the premises—can anyone imagine the massacre that could have taken place had it gone at regatta time? It has been an eyesore and a deadly fire trap for the past several years, and I believe had it not belonged to the city, would have been condemned long ago.

A lot of money has been spent in the last few years, patching up, adding to, and we still had ugly, inadequate facilities. A town that spends as much money as Kelowna does promoting its "International Regatta" should be more than a little ashamed that it doesn't even have a decent swimming pool to offer its contestants. Perhaps the money that has been spent on visiting VIP's, cocktail parties and the like

would have been better spent on better facilities. When we first came to Kelowna, swimmers came from California, Oregon, Washington and from clubs all over B.C. Most of these clubs won't come any more to compete in that dark, dirty hole. There used to be four full days of swimming competition—last year a scant two days, and this so poorly organized, it was a disgrace. I hope that the fact the Regatta Committee has decided to "go on with the show" doesn't mean that we'll be stuck with a lot of temporary buildings, that will later be added to in the name of new facilities. If (and when) they do decide to start planning for a new complex—let's not hire some "far-out" kooky planner from Vancouver who neither knows nor cares about our requirements. What I would like to see is a 50 metre outdoor heated pool at the present site, and at a later date, a 25 metre indoor pool. Both Vernon and Kamloops built 25 metre pools, and have had reason to regret their decision.

I would like to congratulate the Kinsmen Club for spearheading the drive for funds for this much-needed project, and if the crowd that packed the grandstands Saturday night for their first fund-raising event is indicative of the interest in acquiring a swimming pool, then we are well on the way! (Incidentally, the nurses and teachers provided a good evening's entertainment.)

Yours very truly,
"MOTHER OF 2 SWIMMERS"

WORKSHOP

Sir: I would like to make some comments furthering Dr. Bennett's statements about the benefits that Kelowna derived from the DDF.

Dr. Bennett mentioned only briefly the workshops in creative drama and improvisation given by Professor Carl Hare of the University of Victoria. Many local people, including myself, attended the sessions each evening; but perhaps what is of more importance, is that many young students also received the benefit of his experience. Because Professor Hare is interested in developing drama at all levels in schools, he was pleased to accept my invitation to visit Bankhead Elementary School where he staged a session for more than 100 students. Although we had scheduled an hour for student participation and discussion, 45 minutes after the session had officially ended the students were still asking questions—and this was after the bell had gone for lunch. The interest is there; I hope now that after my discussions with Professor Hare that similar workshops can be held for teachers in Kelowna. All of this is a result of DDF.

I would also like to suggest that since so many people in Kelowna have opinions about theatre and the productions staged by Kelowna Little Theatre that they join the local group and make some positive contributions.

Yours truly,
J. JORDAN

BIBLE BRIEF

"To whom also he showed himself alive after his passion by many infallible proofs, being seen of them forty days, and speaking of the things pertaining to the kingdom of God." Acts 1:3.

Computers Used To Take Pulse

WASHINGTON (AP)—American hospitals and doctors are using computers with apparent success to record a patient's heartbeat, take his medical history and even diagnose his disorders.

The medical profession says computers will help relieve the chronic shortage of doctors, nurses and other medical personnel and reduce mounting costs.

They save a doctor's valuable time by reducing his paperwork and, doctors say, appeal to patients who prefer the impersonal nature of a computer.

The most widespread use of computers at present is for obtaining information from patients. In the past, this could take up to 40 per cent of the doctor's time and 50 per cent of the nurse's time.

Infant Mortality Shows A Decline

OTTAWA (CP)—The infant mortality rate fell to a record low last year, 20.8 per 1,000 live births compared with 22.0 in 1967, the Dominion Bureau of Statistics reported today.

Infant mortality rates are the number of deaths of children under one year of age per 1,000 live births.

DBS said the national death rate for all children and adults remained at its record low of 7.4 per 1,000 population, set in 1967.

The number of deaths in Canada rose slightly to 153,196 from 150,283 in 1967, but this was in line with the increase in population.

Half the deaths were due to diseases of the heart and circulatory system. Cancer accounted for 18.7 per cent of all deaths and accidents took 7.5 per cent.

Hippie Cow Upsets Masses

MASSET, B.C. (CP)—They've got a hippie problem in this crazy-quilt Queen Charlotte Islands community—but there's only one of them and she goes "Moo."

"We call her the Hippie Cow because of her appearance," sighed Mayor Ray Hanson, 38. "It's a big brown one with long, shaggy hair and big horns—gives us nothing but trouble, that damned cow."

The Hippie Cow is a semi-domesticated specimen of the wild cattle that roam Graham Island uninhibited by milk machete barbed-wire fences or electric light-prodders. They were brought here in the middle of the last century by homesteaders who subsequently abandoned their farms, leaving the cattle to fend for themselves in the wilderness.

There are about 60 head of wild cattle left on Graham Island. Of dubious lineage, the only thing that can be said about them is that they appear to have a strain of Texas longhorn in them.

The Hippie Cow, a relatively docile creature as long as it has an ample supply of food, is the self-appointed leader of a flying squad of 10 or so "straight cows" belonging to Indians at the Haida reserve which adjoins Masset.

MENAGE GARDENS

Led astray by the Hippie Cow, they meander freely along Masset streets chomping on garden petunias, spilling garbage cans, bothering pedestrians, blocking motor traffic and fertilizing front lawns for free.

"At least we think they belong to the Indians," said the embattled mayor. "Catch one messing up your garden and nobody owns it. Hit one with your car and everybody on the island turns up to claim compensation."

TODAY IN HISTORY

By THE CANADIAN PRESS

June 25, 1969 . . .

North Korean armed forces struck across the 38th parallel 10 years ago today—in 1959—without warning, to strike the first blow in the Korean War. The conflict, which ended July 27, 1953, saw the forces of the United Nations ranged with those of South Korea against the North Koreans and Chinese Communists in a bitter struggle which swept almost the entire length of the Far East peninsula.

1876—Gen. Custer's forces were massacred at the Battle of the Little Big Horn.

1941—Finland declared war on the Soviet Union.

Second World War
Twenty-five years ago today—in 1944—Allied troops edged into Cherbourg in a final mop-up assault; 1,000 IAF planes hammered the coast of France where buzz-bomb launching sites were believed located. Stalin in his Order of the Day announced a Russian breakthrough of German defences on the road to Mogilev, south of Vitepsk.

CHILLY CELEBRATION

LAURELTON, England (CP)—The 300 members of a Lincolnshire nudist camp held a 42nd birthday party for their founder and president, Percy Wilford. Percy was the only guest there wearing clothes; he had caught a cold.

NEWS ANALYSIS

Right-Wing Trend Noted Across U.S.

By PHILIP DEANE
Foreign Affairs Analyst

Minneapolis elected a cop as its mayor. New York's major parties defeated moderate candidates in the mayoral primaries and gave the nominations to rightwingers. There are other instances, many instances, of the voters turning to the right in America, turning to any candidate who promises "law and order" first, last and always. Candidates are elected with no program other than getting tough on law breakers and law-breaking is being given, subtly, new and extended definitions.

The reasons for this are obvious: militants both Negro and student have finally scared the conservative majority of the United States. The loud verbal assaults on the assumptions of the U.S. society are being taken seriously, especially since there has been sufficient physical violence to give the verbal violence credibility.

The snipers shooting at firemen trying to do their jobs, pot shots at cruising police cars, destruction of property by students, some of whom proudly proclaim they want to destroy every thing—absolutely everything—from institutions to buildings—are signs of what most respectable housewives would call a mad dog psychosis gripping ever larger numbers of people. It is possible to make a case with statistics that violence is getting worse. Some dispute this and say it is only the police exaggerating what normally goes on, but whether J. Edgar Hoover's statistics are right or

not, they have been believed by many people.

There has been enough violence in the streets of large U.S. cities for respectable people to avoid walking the streets at night. There are areas of Washington D.C., adjacent to the habitations and offices of legislators, where the residents barricade themselves; buy guns, keep killer dogs. Fear, in other words, grips enough people in the U.S. to become contagious, to become practically an epidemic.

The natural reaction is to emphasize defence, not only on a private basis—with guns and killer dogs at home—but to want similar measures taken publicly. There is a danger to taking such measures. Not long ago, policemen stopped a deaf mute; he could not answer their questions but reached into his pocket to bring out a card that explained his condition. The policemen shot him dead, explaining they thought he was reaching for a gun.

The tragic story has cautionary value. The law and order brigade over-reacts. It often provides a cure that is worse than the disease. Anarchy in the streets is intolerable. Police terror is as bad.

America may be turning to solutions of force and repression for her problems of anarchy. Her friends must watch her helplessly in anguish. It is easy to understand the fear that makes the citizen hand over power to cops. It is easy to know he will live to regret this—but it is hard to give workable advice.

TO YOUR GOOD HEALTH

He Got Short End On Tallness Issue

By DR. GEORGE THOSTESON

Dear Dr. Thosteson: I am 16 and haven't grown a tenth of an inch in a year. I read about giving a drop of iodine in milk three times a week. My mother will not let me do this.

I am only 5 feet 6½ and my dad was 6 feet. I have been told there was a vitamin you could take, but I can't find out what kind. They say you are through growing at 16—S.

First, follow your mother's good advice. Don't monkey with iodine in this instance. Second, there isn't any vitamin that makes people grow. (Of course, severe vitamin deficiency can retard growth, and so can poor nutrition.)

Third—and remember this: while girls very often have their full growth at 16, boys usually do not. Growth comes in spurts, and it is possible that you will have a spurt of some inches in the next two or three, or even more, years.

Dear Doctor: I feel that I am growing too fast. I have reached the height I would like to be for the rest of my life. Is there something that can be done to make me stop growing?—J.R.

Sorry, but the best counsel I can offer (see above letter) is to suggest that everybody meditate on the fact that there's no way to please everybody. Your heredity pretty much determines your height.

Dear Dr. Thosteson: I am a woman, 70, and have gall stones. My doctor said if I didn't have them taken out, there was danger of cancer of the gall bladder. Is this true? I never heard of it. Is this a dangerous operation?—Mrs. B.M.S.

CANADA'S STORY

Salvation Army Went To Klondike

By BOB BOWMAN

Hardy prospectors taking part in the Klondike gold rush were amazed on June 25, 1898, when representatives of Salvation Army arrived at Dawson City. They had come through the Chilkoot Pass from Skagway, a distance of 548 miles, and remained in the area to preach the gospel and help the unfortunate.

It was typical of the pioneering work of the Salvation Army, which had been founded in Britain in 1865 by William and Catherine Booth. The movement began in Canada in 1882 when Jack Addie and Joe Ludgate held a meeting at Victoria Park, London, and were arrested. After they had been acquitted by a magistrate the chief of police said, "If you must preach go to Market Square" and that became their headquarters.

The movement spread quickly although there was a great deal of opposition. Efforts were made to stop the Salvation Army from marching in Quebec City, but Wilfred Laurier, who was a young member of Parliament said that they must be allowed to march, and he would march at the front of the parade if necessary.

In 1885 their message was "General Booth sent us to fish on the Hallelujah line in the taverns, theatres and gam-

bling dens we will catch some drunkards here in Saint John, New Brunswick."

Of course the evangelists came in for a great deal of ridicule and were called The Devil Drivers and The Death and Glory Girls among other terms of derision. Ridicule did not stop them. In 1880 they sent a message from Winnipeg to Toronto "Send more officers. Thermometer 30 degrees below. Salvation boiling over. The whole Northwest is a blaze of salvation."

By 1887 they had begun working in Calgary, Vancouver, and Victoria, and were in a position to go to the Klondike when the wild gold rush began.

OTHER JUNE 25 EVENTS:
1805—Simon Fraser left Cumberland House to cross Rockies.

1927—Election in Prince Edward Island sustained prohibition over government control of liquor.

1930—Charles Kingford Smith and three companions made first east-west flight across the Atlantic from Ireland to Newfoundland in 21½ hours.

1901—Death of J. A. D. McCurdy the first person to fly an aircraft in Canada, and later Lieutenant Governor of Nova Scotia.

Pollution, Parks Debated At Peachland C of C Meet

PEACHLAND (special)—Resolutions on provincial parks and pollution of Okanagan Lake were the main topics on the agenda of a general meeting of the Peachland and District Chamber of Commerce this week. President Murray Evans was in the chair.

A letter was read from Mayor R. F. Parkinson of Kelowna, asking Peachland chamber's help in getting the area south of Squally Point classified as a provincial park site. The area designated would take in Okanagan mountain, Wild Horse Canyon and all lake frontage. The meeting was in favor of this endorsement, and the secretary was instructed to prepare a resolution to be sent to Victoria based on the resolution already sent by Kelowna city council. Members were also asked to bring this resolution to the attention of other organizations in the community and

This resolution will be sent to the Kelowna city council and the Kelowna Chamber of Commerce.

Tom McLaughlin, membership chairman, reported that payment of memberships is slow; only 27 businesses and eight individuals having been paid to date.

Garry Topham gave a report on the chamber's participation in the May Day Celebration and proposed that a thank-you letter be sent the chamber's candidate in the May Queen contest, Sandy Proctor, and that a letter of congratulations for a job well done be sent to the Peachland Venturers.

The secretary, Doug McLaughlin, reported that there has been no reply to the chamber's bid on the tug, Naramata. The general membership was told of this move by the executive to obtain this tug for Peachland where it could be used as a tourist booth and a town museum.

Doug McLaughlin, tourist booth operator, reported the opening of the booth on June 16 and asked that more tables and benches be made available for outside the booth. These will be arranged for.

Fish derby was discussed as there seems to be no interest at present in a chamber derby. This was tabled for the year. Future projects were discussed. It was decided that members were all too busy this time of the year but plans will be made to cut a trail to the falls at Deep Creek in the fall.

Plans for the next general meeting were discussed. This will be held in the Legion Hall on Sept. 19 with a guest speaker and a wine and cheese party.

DISTRICT PAGE

Rutland, Winfield, Oyama, Peachland, Westbank

Oyama Residents Back Home From Air Trips To Europe

OYAMA — Mr. and Mrs. Richard Young recently returned from a five-week trip to Britain. They visited with relatives in England and Ireland. They also visited Scotland and toured many points of interest. The plane trip both ways was also enjoyed.

Mrs. A. Utke has returned from a three-week trip to England and the continent. Mrs. Utke visited with her daughter and her husband Mr. and Mrs. A. Sjerdal, at Lahar, Germany. The highlight of the trip was several trips to many interesting points, which included a boat ride on the Rhine, and a tour of Switzerland, Austria, Bavaria, and a weekend spent in Paris. Another highlight of the vacation was a week spent in England on the return journey, where she visited with relatives in London and other points in England.

Mrs. Polly Reiche of the Farm Labor Office, located at the Oyama Garage, reports that there is some demand for experienced apple thinners and cherry pickers in the area. Although employment opportunities will exist, the demand for the 1969 season will be reduced and any outside help should check with their local manpower for definite vacancies.

Mr. and Mrs. Hucksmeier, Golden, spent the weekend at the home of their daughter and family Mr. and Mrs. Paul Pipke where they spent many happy hours, telling of their exciting trip to the continent, from where they have just returned.

Mrs. C. Sutcliffe of Victoria spent several days visiting at the home of her son and daughter-in-law Mr. and Mrs. Don Smith at the Kalwood Inn. Mr. and Mrs. Robert Main have returned from an enjoyable six

weeks visiting with friends and relatives in Vancouver.

Mr. and Mrs. Charles Fowell of Revelstoke, were overnight guests at the home of Mr. and Mrs. W. E. Sproule.

Don Smith, proprietor of the Kalwood Inn, reports that the recent fish derby proved very successful, and that some fine trout and Kokanee were taken from Wood Lake during the derby. Grant Mears of Armstrong won first place in the men's catch of the largest trout and Gerry Runzer of Kelowna, caught the largest Kokanee for the men. Marking one up for the women was Eva Fawcett of Calgary who won the first prize for the largest fish caught by a woman angler. The juvenile entry was awarded to nine-year-old L. Oystrik of Rutland who weighed in with a nice-sized Kokanee.

Recent visitors at Calgary were Mr. and Mrs. T. Towgood, who attended the wedding of Les Evans, son of Mr. and Mrs. Eldred Evans. Mr. and Mrs. Towgood also spent an enjoyable trip to visit friends at Pender Harbor, where Mr. Towgood enjoyed salmon fishing.

Mrs. Bruce Fulcher is visiting at the home of her sister and brother-in-law, Mr. and Mrs. K. Gingell. After spending several days visiting with friends in the district, Mrs. Fulcher will travel to Kamloops for a visit with another sister and her family Mr. and Mrs. K. Abbott, before joining her husband at Whitehorse, where he is employed as exploration Ltd.

Ewan MacInnes and Robert Stewart drove to Merritt for the weekend to visit with Mr. and Mrs. Ralph Hack and family.

OBITUARIES

R. H. MOORE
Funeral services were held from The Garden Chapel today at 2 p.m. for Robert Howard Moore, who died Sunday.

Surviving Mr. Moore are his wife Henrietta, three sisters, Mrs. G. (Grace) Welch of Grenfell, Sask., Mrs. W. (Lottie) Campbell of Norquay, Sask., and Mrs. M. (Ivy) Boer of Brandon, Man., five nieces and three nephews.

Services were conducted by Rev. F. H. Golightly with interment in the Kelowna cemetery. The Garden Chapel Funeral Home was in charge of arrangements.

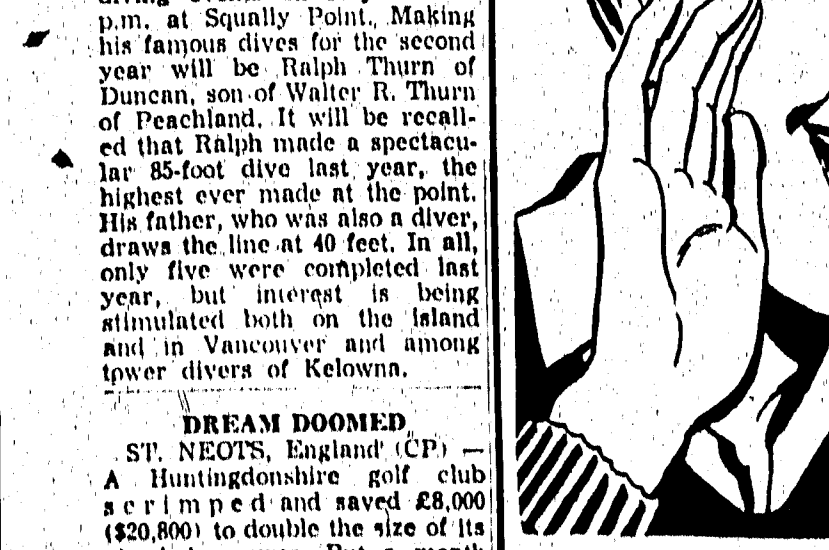

MRS. ANNA BURESH
Funeral services will be held from the Garden Chapel Thursday at 2 p.m. for Anna Buresh, of Rutland, who died Monday.

Surviving Mrs. Buresh are three daughters, Mrs. J. J. (Mary) Greber, of Portland, Mrs. E. (Rose) Ebl, of Rutland, and Mrs. E. (Anne) Siebert, of R.R. 2 Kelowna; two sons, Adolph of Seattle, and Joe of Salmon Arm; 12 grandchildren and 19 great grandchildren. Services will be conducted by

DIVING DATE SET
PEACHLAND (Special) — Arrangements are now being made to hold the second annual cliff diving events on July 6 at 2 p.m. at Squally Point. Making his famous dives for the second year will be Ralph Thurn of Duncan, son of Walter R. Thurn of Peachland. It will be recalled that Ralph made a spectacular 85-foot dive last year, the highest ever made at the point. His father, who was also a diver, draws the line at 40 feet. In all, only five were completed last year, but interest is being stimulated both on the island and in Vancouver and among tower divers of Kelowna.

DREAM DOOMED
ST. NEOTS, England (CP) — A Huntingdonshire golf club's dream of doubling the size of its nine-hole course. But a month after the new course opened, the club was told by highway authorities that the new 18-hole is in the way of a highway scheme and has to be plowed up. The club plans to appeal against the decision.

organize other resolutions on this matter.

The chamber's pollution committee brought three matters to the meeting's attention which they felt warranted the membership's attention. First, the new application by Townhouse Developments for the establishment of a sewage outfall into Okanagan Lake. The following resolution was passed by the membership and will be sent to Victoria, the Okanagan Basin Water Board and to other chambers in the Valley:

"Whereas Okanagan Lake is now receiving an excessive amount of nutrient material from several sewage outfalls and whereas the township of Peachland draws on the water from the lake for domestic purposes we, the Peachland and District Chamber of Commerce, request that no further sewage outfalls should be allowed to discharge into Okanagan Lake and all sewage outfalls should be removed as soon as possible; and whereas a similar application by Townhouse Developments was refused after a public hearing conducted by the Pollution Control Board one year ago. Therefore be it resolved that the Peachland and District Chamber of Commerce go on record as being opposed to the granting of a permit to enable Townhouse Developments to discharge sewage effluent into Okanagan Lake now or at any time in the future.

"Furthermore because a comprehensive, time consuming and costly hearing was conducted one year ago to consider this matter at public expense, this chamber feels that no further hearings on this matter are justified at this time."

A second resolution protesting the granting of a permit to discharge heated water into Wood Lake, was also passed. This resolution pointed out that the studies that have been done in Washington on thermal pollution and the findings as they affect the spawning of salmon this could affect the spawning of fish also.

The third resolution passed called for the elimination of nutrient discharge into Brandis Creek in Kelowna, and stated that it is considered that the lake belongs to all citizens of this province and should not be used as a receptacle for either trade waste or domestic waste.

MR. AND MRS. RONALD POPOVE
(Paul Ponich Studios)

Pretty Wedding At St. Michael's

Rev. R. E. F. Berry officiated for the afternoon wedding at St. Michael and All Angels' Anglican church on June 14, uniting Beverly Walker, daughter of Mrs. Alan Walker and the late Alan Walker of Lawrence Avenue, Kelowna to Ronald Lawrence Popove, Vancouver, son of Mrs. E. Meunier, Burnaby and John Popove, Mission, B.C.

Mrs. F. Verkerk was the organist for the wedding, conducted in a setting of baskets of yellow and white mums, with white bows decorating the pews.

Given in marriage by her brother, Bruce Walker, the bride chose a white brocade gown laced with ribbon down the back panels. An empire waist-line and high collar highlighted the gown, and a train completed her ensemble. A rhinestone tiara held her fingertip veil, and she carried a bouquet of red roses and stephanotis.

IDENTICAL GOWNS

Maid of honor, Lauren Worley of Vancouver, and bridesmaid Trudy Walker, sister of the bride, Kelowna, wore identical gowns of turquoise crepe over satin on A-lines, with white brocade back matching the bride's dress. They carried long cascades of turquoise tinted carnations. Bows of turquoise velvet were tucked into their curls.

Best man was Gary Popove, a brother of the groom, from Burnaby; and Eldon McMan, White Rock; Fred Verigin, cousin of the groom, Penticton, Rod Walker, the bride's brother, were ushers.

For the reception held in the Cameron Room at the Anglican Church hall, the bride's mother chose a blue dress with

matching hat of blue flowers with net and white accessories. A corsage of pink sweetheart roses completed her outfit.

The bridegroom's mother wore a navy blue and white dress with white straw hat and pink sweetheart roses formed her corsage.

For a honeymoon to San Francisco, the bride changed to a candy pink suit with candy pink hat and saddle brown accessories. The newlyweds will reside at 324-West 10th, Vancouver, 209.

TELEGRAMS

A long time friend of the bride's family, R. S. Downing of Summerland, was master of ceremonies. A telegram was read from the bride's grandmother, Mrs. H. Walker of England. The bridal bouquets were taken to the cemetery and placed on the bride's father's grave.

A three-tiered wedding cake centred the bride's table, flanked by brass candlesticks, white tapers and red roses.

Out-of-town guests were: Mrs. A. W. Nisbet, grandmother of the bride, Summerland; Mr. and Mrs. D. G. Denny and twins, Keith and Kevin, Oregon; Mr. and Mrs. R. S. Downing, Summerland; Mrs. N. L. Denison, Vernon; Mrs. H. Watson, Lavington; Mr. and Mrs. L. Schnell, Burnaby; Stan Neid, Vancouver; John Popove, Mission; Mrs. E. Meunier, Burnaby; Mr. and Mrs. Joe Popove and family, Mission; Mrs. Ellen Verigin and family of Salmon Arm; Mr. and Mrs. Fred Verigin, Penticton; Mr. and Mrs. Eldon McMan, White Rock and Mr. and Mrs. M. H. Popoff, Penticton.

Pre-Schoolers Headstart Program Can Change Patterns Of Learning

This is the first of three articles written by Lionel Wace of the Department of Social Welfare on the purpose and development of the Headstart program for pre-school children.

Why has there been a need for Project Headstart? Each year in the United States almost one million children of poverty enter school for the first time. While more fortunate classmates may face the new challenge with some assurance, a new dress or shirt, perhaps a box of shiny crayons, the child of not-enough often brings with him a lack of confidence, a built-in distrust of adults and a deep fear of the whole operation. To fall behind, or lose the will to progress at this stage of schooling could easily result in a hopeless and helpless situation which will only be compounded in the years ahead. If a means could be found to brighten this gloomy prospect, further generations might never know the bitterness of present day deprivation.

This situation caused Sargent Schriver, the first Director of the Office of Economic Opportunity in the United States to ask Dr. Robert Cooke, Pediatrician-in-Chief of Johns Hopkins Hospital to draw up a blue print for a child development program. This Project Headstart as it is now known came into being.

But the idea and value of early childhood education is not new. Greek and old Testament writings stressed its importance. For centuries parents have provided the equivalent of the kindergarten experiences for their children. Now kindergartens are seen as both an extension of home education and at the same time an enriched social and educational stimulus for children prior to entering the increasingly formalized school system.

But why this greatly increased emphasis for early education of our children? A formal

France's New First Lady Driving Force

PARIS (AP) — France's new first lady is a willowy blonde of aristocratic tastes, who looks at least 10 years younger than her age, 57, and is regarded as one of the best-dressed women in Paris.

Claude Pompidou, wife of President-elect Georges N u President-elect Georges Pompidou, is expected to bring a big change to the austere Elysee Palace.

The stiff formal dinner parties given by former president Charles de Gaulle and his wife Yvonne are likely to give way to a more relaxed atmosphere. Young artists and intellectuals are among Claude Pompidou's close friends and undoubtedly will become frequent guests.

Pompidou gave some indication of this when he told a recent interviewer: "We do not believe in too much protocol. We'll let other people worry about that."

Claude married Georges in 1935 while he was a teacher in Marseille.

A DRIVING FORCE

Always considered a strong-willed and ambitious woman, she is credited by friends as one of the driving forces behind her husband's rapid rise to prominence.

Claude was born in Chateau Contier, a small country town in western France. Her father, Dr. Pierre Cahour, was general practitioner there, an outwardly irascible man with a heart of gold who habitually refused all payment from his poorer patients.

Dr. Cahour was an agnostic and free-thinker who raised Claude and her younger sister Jacqueline with an iron hand. Their mother died in the catastrophic influenza epidemic of 1919, when the girls were not yet in their teens.

Dr. Cahour sent them to Paris University, arguing that since he was too poor to provide them with a dowry they could at least study to earn their own living—a rare attitude in rural France before the Second World War.

Bosom Makeup For Nude Styles

NEW YORK (AP) — The current craze for nudity in fashion has sparked a whole series of new products ranging from body stockings for the modest to body jewelry for the daring.

The latest idea probably will raise more eyebrows than all the rest put together.

It's makeup for the bosom. The new line of makeup was introduced Thursday by Kenneth, the hairdresser turned cosmetics entrepreneur. He showed the makeup to 200 fashion editors at the New York Couture Group's fall and winter showings this week.

Kenneth said that although he feels "the human body looks better covered up," the times are against him. "We are going to start to feel more conscious of how we look naked," he said.

The new makeup, called Nude, comes in three parts: bosom highlighter, to provide "a delicate youthful glow to the skin," cleavage delineator, to give "depth to the bosom," and tip blush, for "a rosy hue."

SAFE DISTANCE

What's a safe distance to follow another car? Experts recommended one car length for every 10 miles per hour of speed on dry roads. When roads are slippery, the distance between should be doubled.

ENGAGED

Mr. and Mrs. Fred Dovich of RR 5, Kelowna, announce the engagement of their daughter, Judy Shirley, to Albert James Oetman, son of Mr. and Mrs. Albertus J. Oetman, Holland, Mich. Miss Dovich is presently studying

for a Bachelor of Science degree in Nursing at Andrews University, Berrien Springs, Mich. Mr. Oetman has just graduated with a Bachelor of Arts degree in History and Theology. An Aug. 31 wedding is being planned.

Canadian Women Flyers Join International Organization

TORONTO (CP) — If the weather is nice, Helen Barter may fly 65 miles to Brantford or 120 miles to London, Ont., to meet the girls for lunch. She and her husband Gerald avoid holiday traffic jams by flying to their cottage. They make it in about two hours instead of six.

Mrs. Barter is secretary of the first Canadian chapter of The Ninety-Nines, Inc., an international organization of women pilots. In Canada the group has about 120 members in four chapters in Alberta, Manitoba, Ottawa-Montreal and Central Ontario.

Mrs. Barter says the organization is dedicated to safety, to creating an enthusiasm for flying and to providing an opportunity for talking about flying with other women who fly.

"We fly the way other women play golf, and it's not really any more expensive than belonging to a golf club. You can rent a plane or buy them from about \$3,000 on up."

The group is considering adopting a distinctively Canadian uniform, but Mrs. Barter says you don't need any special clothes for flying.

MOST WEAR SKIRTS

"Most of the girls wear an A-line skirt. Most of the mem-

Fur Fashions Wild And Wacky

NEW YORK (AP) — Wild and wacky Giorgio de Sant'Angelo has jumped into the fur market and his initial collection seems more comedy than couture.

Sant'Angelo—who started the craze for gypsy fashions—clearly likes to think of fur designs as something to have fun with.

At his first fur showing Wednesday, the designer offered such unusual items as a pair of brown seal overalls—complete with suspenders, bib and presumably meant for the wealthy farmer's daughter.

He also offered a cowgirl outfit—blue fur hip hugger pants stitched in white to look like denim and topped by a matching battle jacket. The midriff was bare.

The gypsy turned up again in the guise of a spotted cat coat with a stole of chevron patterned mink skins worn with a bright red cloth turban, a rope belt and fringed gloves.

A spokesman for Chambers Sherwin—the company marketing Sant'Angelo's designs—said retail prices ranged from \$195 to \$4,000.

DATES BACK

The mortar and pestle, a symbol of the apothecary, dates back to prehistoric times when it was used to pulverize flour.

DON'T STAY OUT TOO LONG IN HOT SUN. DON'T TRY ONCE MORE FOR A BITE IF A STORM APPROACHES.

Big Bats In Action — Sox Have A Ball

By THE ASSOCIATED PRESS

The big bats of Baltimore Orioles were in full swing, Bill Melton of Chicago White Sox had a ball in Seattle, but the homecoming of Ken Harrelson turned sour in Boston.

These were the highlights of Tuesday's action in the American League, which ended with the Orioles opening a 10-game bulge over Boston Red Sox in the Eastern Division while Minnesota Twins vaulted back into first place by one-half game over Oakland Athletics in the Western Division.

Frank Robinson and Boog Powell each hit home runs, and Paul Blair belted two in Baltimore's 6-3 11-inning triumph over Washington Senators. Robinson hit a disputed shot with two on in the 11th to win it while Blair socked two solo homers and Powell one.

Melton, third baseman for the White Sox, homered with the bases empty, his first three times up in the second game as the Sox swept a two-nighter from Seattle Pilots 6-4, 7-6.

And Harrelson, who retired for several days after the Red Sox traded him to Cleveland Indians in April, made his long-awaited return to Boston's Fenway Park, but went hitless in six at-bats as the Indians split a doubleheader, winning 6-3, then losing 6-1.

TWINS EDGE ANGELS

Elsewhere, Minnesota edged California Angels 5-3, Kansas City Royals nipped Oakland 6-5 and Detroit Tigers tripped New York Yankees 2-1.

The Baltimore-Washington contest ended in a wild argument, with the Senators claim-

ing Robinson's homer was foul. Third base umpire Hank Soar first raised both hands, the foul sign, then pointed to fair territory.

Soar said he was blinded momentarily by reflecting light. "I couldn't find the ball and didn't give any signal at first because the ball got into the lights," he said. "But then it struck at the bottom of the stands."

"I've never seen so much hollering and screaming, throwing bats and such. The (Senators) were like a bunch of wild Indians."

Blair and Powell homered in the first inning and Blair connected again in the third for a 3-0 lead. But the Senators battled back on Jim French's two-run homer in the fifth and tied it in Mike Epstein's RBI single an inning later.

Despite Melton's hitting, the White Sox needed Ed Herrmann's tie-breaking homer with two out in the ninth to top the Pilots.

CONNECTS THREE TIMES

Melton connected in the second and fourth innings against Fred Talbot and in the sixth off John O'Donoghue. But with a chance to become only the third player in modern major-league history to hit four consecutive homers in a game, he struck out against O'Donoghue in the seventh. Then he doubled in the ninth against Diego Segui following Herrmann's homer.

The Pilots gave away the opener, handing the Sox two tie-breaking runs in the eighth on a hit batsman and errors by shortstop John Kennedy and pitcher Bob Locker.

And Phillies Wonder Where That Wandering Richie Went

By THE ASSOCIATED PRESS

While New York Mets and Houston Astros keep winning games, San Diego Padres keep losing them and Philadelphia Phillies keep losing Richie Allen.

The Astros defeated San Francisco Giants 4-1 Tuesday night for their eighth straight victory and 21st in their last 24 home games. The Padres, on the other hand, dropped their 10th in a row, a 4-3 decision to Cincinnati Reds.

The Mets won their second consecutive doubleheader by knocking off the Phillies 2-1 and 5-0.

But while the Phillies pondered the incredible Mets, who have won 20 of their last 25 games, they also wondered where Allen went.

The controversial first baseman failed to show for the second time this season, and manager Bob Skinner suspended him indefinitely without pay.

Meanwhile, Montreal Expos won their first victory in 13 home games by dumping league champions St. Louis Cardinals 4-1 behind the seven-hit pitching of Bill Stoneman.

In other National League action, Atlanta Braves downed Los Angeles Dodgers 9-5, and Chicago Cubs edged Pittsburgh Pirates 3-2.

Allen has built a reputation for getting lost and either not getting to games on time or not getting to them at all. Earlier

this season he missed two games in St. Louis after missing the team flight.

The latest episode started Monday when Allen asked Skinner for permission to go to New York a day early to see the Joe Frazier-Jerry Quarry fight. Skinner said OK, but that was the last time the manager saw his leading batter.

"I have no idea where the man is," Skinner said after the double defeat.

The Mets moved to within 4½ games of the Cubs, leaders in the Eastern Division, behind Tom Seaver's seven-hit pitching in the first game and Jim McAndrew's two-hit hurling for eight innings in the second. Ron Taylor of Toronto finished up for McAndrew in the ninth.

Top Equestrian Loses Her Title

DETROIT (CP) — Christl Hofmann of Sharon, Ont., Canada's Olympic equestrian, bowed out as champion in the combination test dressage competition at the Detroit Horse Show, after winning the title for the last four years.

Miss Hofmann, 22, a gymnastics teacher who was a member of the Canadian Olympic equestrian teams in 1964 and 1968, lost her title to Charles Grant of Brighton, Mich., who rode Bit O Shine to victory.

Keen Contests Expected At Big Track Meet Here

What is expected to be the best track meet ever held in B.C. will take place on Saturday and Sunday, June 28 and 29 in Kelowna's City Park Oval.

This meet, the B.C. Junior Track and Field championships, brings together the best track and field athletes under 20 years of age, in British Columbia.

This year, the stakes are high. Never before has it been mandatory to compete in the B.C. championships as a qualification to be chosen to the B.C. team that travels to the Canadian championships. This year everyone must compete. For the best, it is possible to be chosen to the B.C. International Track and Field Team that will take part in the following meets:

- Western Canadian Junior, Edmonton.
- Canadian Junior, Calgary.
- B.C. vs. the Prairies, Lethbridge.

A possible berth on the B.C. team travelling to the summer games in Halifax.

For many of the competitors the road will be longer—the Pacific Games to be held in Japan during September.

During these junior championships, the competition will be keen. Few events will be dominated by a single participant. An exception to this will be Debbie Brill, only 16 years old, and she has cleared the right jump at five feet, eight inches.

In Victoria last weekend she narrowly missed five feet nine and one-half inches. This is her goal at Kelowna. The major reason being, she would like to add the world's best high jump for a 16-year-old to her present world best high jump for a 15-year-old—five feet seven and one-quarter inches. The present world's best is five feet nine and one-quarter inches by Rita Schmidt of East Germany.

Debbie will be trying to "bend" over five feet nine and one-half inches.

The Okanagan Track and Field Club has a few outstanding athletes of their own. Leading the way will be: Gary Wheelhouse of Vernon, who high jumped six feet six

inches to become the B.C. high school record holder. With this jump, Gary was named the outstanding high school track and field performer for 1969. All will not be easy for Gary as three of his competitors have cleared over six feet four inches. A tremendous duel should develop.

Brook Aynsley of Kelowna, the defending Canadian junior champion in the 440 yards dash and 440 yard hurdles will be attempting to get back on the road to defending these titles.

Ivars Dravinskis of Rutland, the Canadian junior long jump and triple jump champion looks ready to explode into some excellent jumps this year. Ivars will be hard pressed by several jumpers who have jumped better than twenty-two feet six inches this year.

From Vancouver Olympic

Club comes one of the fastest young sprinters in the world, Stephanie Berto, 15-year-old, who has run the 100 yards in 10.6 seconds. Already this year Stephanie has defeated Irene Piotrowski, Canada's sprint queen.

As fast as Stephanie is, she will receive as much competition as she can handle from Victoria's Anne Langdale. Recently this young speedster was also clocked in 10.6 seconds.

All in all this meet must be considered as a preview to Canada's 1972 Olympic team. These youngsters are the best in Canada and with the proper training and competition will make their way to Munich in 1972.

The meet is sponsored by Okanagan Track and Field Club with Dave Turkington its director.

Calgary Coach Inherits Dream But Also Proves A Nightmare

CALGARY (CP) — Jim Duncan is a coach who has inherited a dream and a nightmare.

The dream: Taking over an explosive football club that went all the way to the Grey Cup game last year.

The nightmare: Trying to duplicate last year's feat without Peter Liske, the quarterback who made it all work.

Duncan took over when Gerry Williams traded the head coach job at Calgary for similar status with Philadelphia Eagles of the National Football League.

The move from a assistant coach with Saskatchewan Roughriders to top man with Calgary gave Duncan only six weeks before training camp opened.

"Right now we're concentrating on running the ball," Duncan said. "But we've got to throw as well."

DUNCAN COME OFF This was a Williams plan for at least two years—to put together a running attack to balance the best passing offense in Canada, but it did not come off.

With Liske at the helm, the ball went into the air whenever the Stamps needed points.

"Peter Liske was a very unusual quarterback," Duncan said.

"The elements didn't bother

him a bit. He could throw as well as he could with it, as well in hot weather as in cold.

"With Liske, I'd have done the same things Williams did."

But Liske played out his option and now the Stampers have got to run.

"But you've got to have someone who can run the ball. Potentially, we've got as good running backs as there are in the Western Football Conference," Duncan said.

"Another problem is to get this offensive line to blocking—they've been sitting back pass-blocking for so long."

Duncan stresses that his remarks about Liske are not criticism of his present quarterback—Jerry Keeling and Bill Redell.

"Jerry has been with us for about eight years now. He's been a backup quarterback a great deal of the time. I think Jerry is a much better quarterback than a lot of people have given him credit for."

In addition to Keeling and Redell—a veteran acquired from Hamilton Tiger-Cats of the Eastern Conference—three rookies are trying out a quarterback.

The Stampers, who took about 64 players to camp last year, have about 52 on hand this season.

Rutland Team Knocked Out

The Rutland Crossroads were knocked out of the Babe Ruth playoff tournament by losing 16-13 to the Windfalls at Babe Ruth field Tuesday.

Windfalls scored six runs in the bottom half of the first to overcome a two-run lead and stayed ahead the rest of the game, mostly on the hitting power of Ian Tostenson, who got two singles and a double. Winning pitcher was Brian Vetter. The Windfalls now meet the Firestones in a semi-final game today at Babe Ruth Field at 6:30 p.m.

English Runner Sets A Record

TORONTO (CP) — Bob Moore of Leeds, England, ran 11 miles, 1,629 yards, two feet and seven inches in an hour Tuesday night in a track event held for the first time in Canada.

The distance will go into the record books as a Canadian open mark.

Brian Blison of the Kitchener-Waterloo Track Club finished second with a distance of 11 miles, 1,172 yards and four inches.

Bill Allen of Toronto Striders was third with 10 miles, 1,629 yards, two feet and 11 inches.

Minor Baseball Playoffs Well Attended At Rutland

RUTLAND — Fine sunny weather favored the final games of the 1969 Minor Baseball season on Sunday last, when Little League and Farm League teams played off in their respective groups for the championships. There was a good crowd of parents and others on hand to watch the boys play, and the refreshment booths, operated by the ladies, did a steady trade all day.

The proceedings were officially opened at noon by May Queen Gail Hayashi, and the first ball in the opening game was thrown by Edith Gay, the donor of "Edith Gay Playground," the site of most of Rutland's minor baseball activities. In the Farm League, the youngest group, Dion's defeated the Flyers 10-7 in the first round, and the Jets won out in a close one 10-9 over Sid's Grocery. The final game for the championship was won by Dion's in a slugfest by 24 runs to 14.

The Little League semi-finals saw MidValley Realty down Dion's Little League entry 9-4, while Schneider's Logging took the short end of a 16-3 score against the slugging Light's Travel nine. In the final round a good close game resulted, with Light's Travel edging MidValley 4-3.

Pitching for Light's was David Graf at the start. He was relieved in the 3rd by Pat Shan-

non, who in turn gave way to Larry Szaroz who took over in the fifth and finished the game. MidValley led until the bottom of the 6th when a triple by Peter McLain drove in two runs, which proved the winning counters. Randy Bach, of Light's Travel, poled out a triple also, during the game.

PONY LEAGUE

The final play-off game in the Pony League was a feature of the afternoon, with the finalists, L. and D. Petch vs. Crossroads meeting in a game that proved surprisingly one sided. In league play L. and D. Petch's team had finished two points ahead of Crossroads to win the league season pennant, but in the play-off final on Sunday, Crossroads crushed L. and D. Petch by a score of 17-1. For Crossroads Alan Nelson not only pitched his team to victory but poled out a triple, a double and three singles to bat 1,000 in the game. Brian Spencer also hit four times out of five, getting a triple and three singles. For the losers, Gary Hornsberger got a triple. Gary was also the losing pitcher, and relief chugging was by Kelly Ricketts and Dennis Wolfe.

BASEBALL SCOREBOARD

American	National
Cleveland 6-1 Boston 3-6	Pittsburgh 1-0 St. Louis 3-5
Washington 3 Baltimore 6	Philadelphia 1-0 New York 2-5
New York 1 Detroit 2	St. Louis 1 Montreal 4
Kansas City 6 Oakland 5	San Diego 3 Cincinnati 4
Chicago 6-7 Seattle 4-6	Los Angeles 5 Atlanta 9
Minnesota 5 California 3	San Francisco 1 Houston 4

Toronto Oarsmen Aim At Henley

TORONTO (CP) — Five months of early morning workouts on icy Lake Ontario have paid off for a crew of Argonaut oarsmen who just left for the Royal Henley Regatta in London.

The crew will be the first Toronto group to contest the Thames Challenge Cup in 30 years.

The Argos paved the way to the Thomas Cup event with a victory in their division early this month at Worcester, Mass., and another win over St. Catharines, Ont., on the Henley course there June 14.

Busy Weekend For Cricketers

The Kelowna Cricket Club will feature all-day cricket Saturday with two games scheduled for morning and afternoon in the north field of city park at 10:30 a.m., and 2:30 p.m.

Kelowna will take on Langley in the morning match, then join Penticton for a combined team match against Langley in the afternoon. Langley will also play Penticton in that city Sunday at 1:30 p.m., at the Princess Margaret Secondary School.

The day's festivities will culminate with a dinner and dance at the Mission Hall, courtesy of the Kelowna Cricket Club. Anyone wishing to join the club as a playing, or non-playing member should contact Dennis Horlock.

NOTICE OF PUBLIC HEARING

Community Planning Area No. 1

A public hearing will be held in the Court House, Kelowna, British Columbia at 2:00 P.M. on Wednesday, July 2, 1969, to hear the following applications to amend the zoning regulations:

(1) Lots 1 to 9 incl. Plan 18203—situated on Hein Road, Rutland—application to rezone from rural to residential 1.

(2) Lots 6 and 7 Plan 4738 DL 129 ODYD—situated on the south side of Highway 97 and approximately 300 feet west of Spall Road—application to rezone from residential to commercial.

(3) Remainder of Lot 1 Plan 9924 Sec. 26 TP 26—situated on the corner of Black Mountain Road and Asher Road, Rutland—application to rezone from residential 1 to commercial.

(4) Lot 1 DL 532 Plan 3950 except east 450 feet—situated on the east side of Highway 97 opposite Seig Motors Ltd.—application to rezone from rural to commercial.

Maps showing the locations of the proposed rezoning can be seen at the office of the Building Inspector, Court House, Kelowna, British Columbia.

All persons who deem their interest in property affected by the proposed rezoning shall be afforded the opportunity to be heard.

Don South, Director, Regional Planning Division, Department of Municipal Affairs, for HONOURABLE D. R. J. CAMPBELL, Minister of Municipal Affairs.

Department of Public Works

NOTICE TO CONTRACTORS

CAFETERIA AND TRAINING KITCHEN

British Columbia Vocational School, Kelowna

Project No. 412-B-2

REVISION OF TENDER DATE

SEALED TENDERS entitled "Cafeteria and Training Kitchen, British Columbia Vocational School, Kelowna" will be received by the Minister of Public Works, Parliament Buildings, Victoria, B.C. up to 2:00 p.m. on Friday, July 11, 1969 and not Friday, June 27th as previously advertised.

Depository Bids are required to be submitted to the Vancouver and Lower Mainland Bid Depository, Vancouver, or to the Southern Interior Bid Depository at Penticton or Kamloops, to close at 4:00 P.M. on Tuesday, July 8, 1969, and not Tuesday, June 24th as previously advertised.

All other conditions of contract, as before advertised, shall apply.

W. N. CHANT, Minister of Public Works

Department of Public Works, Parliament Buildings, Victoria, B.C.

June, 1969.

ARMY EXPERT TURNS BANK ROBBER

Carlos Lamarca, right, former Brazilian army captain, is now Sao Paulo's most

wanted man. He is shown above, last year, while instructing an army course to

a bank clerk in how to use a carbine to discourage bank robbers. On Jan. 25, Carlos

deserted and took with him a large arsenal. He is now wanted for leading a band of bank robbers.

Phone Union Denies Claim That Members Crossed Line

VANCOUVER (CP) — The Federation of Telephone Workers of British Columbia Tuesday night denied claims that 121 members crossed their own picket lines to work for a strike-bound B.C. Telephone Co.

The company had said earlier that 97 union members worked with supervisors Monday and the number increased to 121 Tuesday as the company continued to man switchboards and provide a maintenance service.

Bert Johns, general secretary of the plant division workers, denied the claim and said that only four or five of the federation's members are crossing the picket lines to work.

Mr. Johns did not deny that 121 workers might be crossing the picket lines but he said they are not members of the federation.

"We have only recognized four union members who have gone

behind the picket lines to work," he said. Mr. Johns also said the union officers are communicating with each other and with their strike offices by means of letter or a coded conversation for fear that the telephone lines bugged.

CODE SET UP He made it clear he was not charging the company with bugging the lines, but said the code had been set up as a precaution.

A company official said B.C. Tel has no time to think about putting electronic listening devices on telephone lines of the federation.

Keith Matthews, internal communications manager, said the first-day nervousness and hesitancy of the supervisors is giving way to more and more competence and the situation is improving steadily.

Report On Role In NORAD To Be Before MPs Thursday

OTTAWA (CP) — The Commons committee on defence and external affairs, which has been examining Canada's role in the North American Air Defence Command, is scheduled to table its report in the house Thursday.

Committee sources said today there is "quite a bit of enthusiasm" in the committee for Canadian participation in a future continental bomber defence system based on airborne warning and control.

However, the report was endorsement of a Canadian role in such a system, in line with the fact that the NORAD governments—the U.S. and Canada—have not decided to proceed with it.

Defence Minister Leo Cadieux said Monday it will be some time before decisions can be

made on the future bomber defence system.

The present NORAD system involves ground-based command and control.

Committee members would like to see Canada have as big a say in the direction and command of NORAD as feasible.

This feeling may be reflected in the report to be tabled Thursday, the sources said.

In committee sessions, some members have expressed dissatisfaction over the fact that only one of NORAD's five regional commands is under a Canadian commander, Regions presided over by U.S. commanders control large slices of Canadian territory.

The financial cost of Canada's contribution to NORAD runs about eight per cent of the cost to the U.S.

The report is expected to reflect government policy on protection of Canadian sovereignty, which Prime Minister Trudeau has placed at the head of a list of national defence priorities.

The committee's study of the NORAD question followed one that it conducted on Canada's role in NATO. In a report tabled in March, it recommended a generally "stand-out" Canadian policy toward NATO.

However, within little more than a week Mr. Trudeau announced that Canada would reduce its forces in Europe and orient defence policy towards North America.

Canadian Embassy For Ivory Coast

OTTAWA (CP) — Canada will open an embassy in Abidjan, the capital of the Ivory Coast, External Affairs Minister Mitchell Sharp said.

Diplomatic relations with the African country were established in 1962 with accreditation of the Canadian high commissioner in Accra to the Ivory Coast. The first resident ambassador will be announced later.

Mr. and Mrs. Anton Bauman of Haney have moved to the Okanagan.

Weekend visitors at the home of Mr. and Mrs. Mike Tatarn were their daughter, Ruth, and her husband and two little girls, Dr. and Mrs. Wm. Chobatar from Anacortes, Wash. Dr. Chobatar is an instructor at the Seventh-day Adventist Biology Station near Anacortes.

Mrs. Leroy Hirschhorn was happy to have a visit from her parents, Mr. and Mrs. Robert Pittman, from Breton, Alta.

U.S. Black Panther Claims Cubans Hold Fellow Members

HAVANA (AP) — An American Black Panther said today he and other members of his party have been "isolated and imprisoned" in Cuba and they want to leave. He implied that Panther leader Eldridge Cleaver is among the discontented.

Raymond Johnson, 22, of Alexandria, Va., told a reporter he was instructed by a high-ranking Panther in Cuba to report this feeling.

Johnson, who described himself as a lieutenant in the Black Panther movement and an airline hijacker, said: "The Panthers have not been received in a revolutionary fashion. We have been condemned to live in Cuba."

He added that members of the black militant organization had been imprisoned, isolated, branded counter-revolutionaries and they could not organize their party in Cuba.

Johnson said he expected to be arrested at any time, adding: "It is possible some of the Panthers will be arrested today."

The Panther said arrests "always come when they (the Panthers) become disenchanted and after they protest conditions and express a desire to leave the country."

JOINED 21 DAYS Johnson said he was jailed for 21 days after he hijacked a National Airlines jet from New Orleans to Havana on Nov. 4, 1968.

"We think there's racial discrimination in Cuba," he said. "It's a peculiar kind of racial discrimination. In some ways it's comparable to attitudes in the United States. White Cubans have a subconscious conspiracy to maintain control of the island."

"We are talking about a social and cultural revolution. And in our experience, we have seen people here lagging in the revolution of the mind."

Johnson said the Black Panthers had been discouraged from talking to black Cubans about black awareness and the wearing of Afro hair styles.

More than 30 per cent of Cuba's 8,000,000 people are black.

Johnson claimed that some Panthers who have talked black culture to Cubans have been branded counter-revolutionaries, one of communism's most serious crimes.

Johnson also said Omar Talif, a party member from New York, and his American wife and child "disappeared" after being told by Cuban officials they were "black racists."

AROUND B.C. IN BRIEF

Decision On 'Doddling' Case Upheld In Court Of Appeal

VANCOUVER (CP)—An appeal by Stanley Perskey against his April, 1980, conviction for loitering at the city's courthouse fountain has been dismissed in the British Columbia Court of Appeal. In upholding a decision by the B.C. Supreme Court, Mr. Justice H. W. Davey ruled the public is invited to "make reasonable use of" the courthouse grounds but this does not include "hanging around" or "doddling" in the area.

NDP CHOICE

CHILLIWACK (CP)—Frank Hollins, 54, was nominated by the New Democratic Party as its candidate in the Chilliwack riding in the next provincial election. The riding is currently held by Recreation and Conservation Minister Ken Kiernan.

SURVEY STARTED

VANCOUVER (CP)—Vancouver School Board has established a three-man research team to find out if city schools are able to adjust to the changing needs of elementary and secondary school pupils.

LETTER SENT

VANCOUVER (CP)—The British Columbia Society for Prevention of Cruelty to Animals said here it has sent a letter likening seal hunting to the great buffalo hunts of the previous century to all members of the Commons committee on fisheries and to all B.C. members of Parliament. Society director Francis J. Jones said in the letter there "cannot be an argument made on economic grounds" for seal hunting.

FRAUD SENTENCE

NEW WESTMINSTER (CP)—Kenneth Wong, 37, was sentenced in County Court here to one month in jail after he was convicted of defrauding a Vancouver woman of \$5,500. Court was told Wong had Mrs. Shong Long Tom sign over a \$5,500 bearer bond certificate after telling her he wanted to borrow \$1,000 from it and would pay her back one week later. However, he borrowed \$3,500, then \$1,000 and another \$700, unknown to Mrs. Tom.

MAN SENTENCED

VANCOUVER (CP)—Larry Wayne Tomlinson, 21, described by a psychiatrist as an aggressive psychopath, was sentenced here to 15 years for slaying Ceona Lalond, 57, of Powell River, B.C. Tomlinson pleaded guilty in the British Columbia Supreme Court to manslaughter in the Nov. 20 killing in which the woman, who had befriended him, received more than 30 stab wounds.

CABLE SHIP DUE

VANCOUVER (CP)—A cable-laying ship from France is due in British Columbia waters July 4 to work on B.C. Hydro and Power Authority's high-voltage direct current interconnection between here and Vancouver Island. The cable-laying job is expected to take three weeks, Hydro officials said.

REAPPOINTED TO SFU

VANCOUVER (CP)—Two Lower Mainland men have been reappointed by the provincial government as the government representatives on the Simon Fraser University senate. Burnaby lawyer Arnold F. C. Hean and Vancouver businessman Mark Collins will serve second three-year terms.

ROBBER JAILED

VANCOUVER (CP)—Allard Frederick Markel, 21, of Langley was jailed Tuesday for four years for robbery with violence. He was also given two concurrent two-year terms for unlawful confinement of two men and indecent assault on a male. Melvin Douglas Goin, 22, of Aldergrove, charged jointly with Markel, was remanded a week for pre-sentence report. Both pleaded guilty. Police said the pair forced two youths to drive them to an isolated gravel pit near Aldergrove last April where the two were beaten and robbed of \$18 and the indecent assault took place.

POSSESSED DRUGS

VANCOUVER (CP)—Dorothy Boudreau, 27, found in a beer parlor by police with 15 capsules of heroin and a loaded revolver, was jailed Tuesday for 19 months. She was sentenced to 18 months on the drug possession charge and an additional 30 days for possessing a firearm without a permit.

NOW PARKLAND

VANCOUVER (CP)—Land that has been barred to the public for nearly 30 years was turned over by the federal government for public use Tuesday. The land was 3.2 acres of defense department property used for years by forces at Jericho military base. In a simple ceremony, Andy Livingstone, parks board chairman, snipped the chain fence around the area and brought down the "No Trespassing" signs.

MOPPING UP

VANCOUVER (CP)—Forest firefighters were mopping up in 11 districts Tuesday as the number of fires still burning in British Columbia dropped from over 300 to 243. A spokesman for the B.C. Forest Service said fire hazard level in all areas except Pemberton was low or moderate.

RAPIST JAILED

VANCOUVER (CP)—Ronald Milton Small, 19, of Vancouver was sent to prison for five years Tuesday for raping a 16-year-old girl who accepted an offer of a car ride as she waited for a bus last Jan. 31. The court was told that Small raped the girl, then tied her hands with wire and left her tied to a power pole clad only in snow boots and a coat.

OWNED BY ONASSIS

The gambling concession for the casino at Monte Carlo was granted in 1861, three years after it was built. In 1954, Aristotle Onassis gained control of the casino.

The bidding:
 South West North East
 1♦ Pass 3♦ Pass
 3NT Pass 6♦

Opening lead—ten of spades. Some contracts seem utterly impossible to make, but, fortunately, the nature of the game is such that you can occasionally pull off some extraordinary coup and accomplish the impossible.

Consider this deal where South is in six diamonds. West leads a spade, which declarer wins in dummy with the queen. There appears to be nothing at all to the play, but when declarer quite properly leads the ace of diamonds at trick two,

East shows out and West seemingly has two sure trump tricks.

This is an unexpected and horrendous development, but if declarer does not panic he can still come up with the winning line of play. He can make the slam only if West has 4-3-4-2 distribution, so South should proceed on the basis that this is the case.

He cashes the A-K of hearts and ruffs a heart, then cashes the K-A of spades and ruffs a spade. All these plays are directed toward executing a trump endplay against West. When declarer next cashes the A-K of clubs, ending in dummy, this becomes the position:

North—Diamonds J-5, Clubs 6. East—Immaterial. South—Diamonds Q-9-6, West—Diamonds K-10-8.

South leads the eight of clubs from dummy, ruffing with the queen, and poor West finds himself in a terrible situation. If he overruffs, he must return the eight or ten of trumps. — And with either play declarer makes the last two tricks with the Jack and nine.

If West underuffs the queen, he comes to the same dead end because South leads a trump to the Jack to bring home the slam.

Either way, one of West's trump tricks disappears into thin air.

YOUR HOROSCOPE

FOR TOMORROW

Thursday will probably be more of a less of a routine day but, nevertheless, it will be a good period in which to make plans for the future—especially those dealing with family security. But first think them over. Don't take action for a week. Especially favored now: Intellectual and cultural pursuits.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that, as of Aug. 15, you will enter an extremely generous planetary cycle where job and/or business and financial interests are concerned. This period, which will last until Nov. 1, should be really outstanding for Cancerians—that is, for those who cooperate with the celestial forces. Your next good cycles along material lines will include the first two weeks of January, the last two of February, the latter half of March and the entire month of May. This coming November, also, should be

one of outstanding accomplishment if you happen to be engaged in mental work—science, especially.

Do not indulge in extravagant whims, however—especially in late September, in October and the last two weeks in December. While assets will probably increase during one or more of these periods, you may be faced with some unexpected expense, so keep as much cash on hand as possible.

Domestic interests should prosper for the next 12 months, but do try to avoid friction with members of the family in mid-October and mid-January, during which periods you may be under some temporary stress. Most auspicious months for romance: October, April and June; for travel and stimulating social activities: October, January, April and May.

A child born on this day will be extremely versatile, ready of comprehension and may be attracted to science, literature or the theatre.

MUSICALLY SPEAKING

Learn To Project Without A Mike

With BETHEL STEELE

Saturday night last we attended the third annual "Music in Color" recital as presented by the Wentworth Music Studios in the Community Theatre.

Some 200 children participated. This is a lot of music making by children and we understand there are more in the background as only one student from the brass and woodwind department performed.

The stage was colorfully decorated with plastic panels on the black velvet backdrop with colored cut-outs for high-light.

Mrs. Wentworth was a very charming MC but I do wish she would do away with the sound system since the theatre acoustics do not lend to compatibility in this respect. Children should learn to project without a mike and a sound system unless of the very finest tends to distort.

It is time those in charge of children in relation to music projection take serious consideration of the care of the hearing of our young people. Too much loud music can destroy the aural nervous system of those exposed too much and too long to more decibels than the ear can take.

Anyway, unamplified music has a beauty all its own. Music does not have to be loud to be appreciated.

The studios have a large piano class . . . too many to mention by name. A number of those playing Saturday night previously had passed their Toronto Royal Conservatory examinations held earlier in June. Perhaps it would only be fair to mention how musically David Sawchuk played . . . this was beautiful pianism but I would prefer to hear him play something from the standard repertoire such as one of the easier Chopin Nocturnes or some Debussy . . . music that would suit his fine sensitivity.

The best part of the evening's music making was in the accordion and guitar groups and the one outstanding drum solo and a heavenly sounding trumpet played by Tim Anderson. This boy has a fine lip and should play a great trumpet when he learns more control.

The "Rock" combos were good. The lads have fine rhythm sense and are just about always together. It will be fun perhaps to hear them sing next year. What's a rock group without a song?

This recital always gives us a bit of organ for which we are very grateful. These young people will always have a place for them in the music world, particularly because they will understand the workings of their instrument.

A special bow to the "Swingin' Mamas" they were really swinging this year. But I particularly loved the "Peewee Combo" of Tracy Weninger (organ), John Jansen (organ), Ronald Borsholm (guitar), Ian Van Steinburg (drums), and Sheila Denroche (piano) . . . all dressed up in their cowboy outfits and hats bigger than they . . . just six, seven and nine they were.

It was a dandy recital but I did not stay for the awards . . . my apologies and next year please try to get the lights regulated a bit better and at a recital the audience likes to see the program.

Friday night the Canadian School of Ballet presented Ballet in Action by the Penticton branch of the school with guest artist Michael Meakin of Kelowna and assisted by Kelowna senior students Kathy Duffy, Mary Sullivan and Mari Akasaka.

Those in charge of renting theatre buildings for dance presentations whether student or professional should make certain the stage floor is neither waxed nor varnished. Not all companies can carry their own floor as does the Royal Winnipeg nor are all stages floored as is the Kelowna Community Theatre. Friday afternoon Mrs. Farrally and this column personally washed the Penticton High stage. It took two washings with a special solution to lift the varnish. Even so the children collected wax on their shoes on the long hauls to and from the stage. One bad fall could cripple a dancer for life.

The dance presentation showed the students from pre-schoolers through the grades to the advanced.

A children's ballet . . . The Princess Who Wouldn't Smile choreographed by Gweneith Lloyd told the story of an unhappy princess, Kathy Rousseau, who would not smile and whose father . . . Michael Meakin . . . offered an award to the one who could make her laugh. Only the cat . . . Simone Jos . . . achieved the feat . . . in the end.

There was fine mime throughout, particularly between the King, the Queen, Helen Kvestich, and the Princess. Mr. Meakin is a great asset to the Valley. As a dancer he has a fine stage presence and is a splendid actor-dancer. He looked majestic King.

The highlight of the dancing though was the Lloyd ballet Partita, with music by John Field as arranged by Hamilton Hartly. Mr. Meakin partnered Lynette Carey in the Pas de Deux which was well danced by Lynette. Mr. Meakin gave her good support and made it possible for her to dance with assurance. This ballet was written for the Banff Ballet some time ago for professionals and advanced students. The Penticton group danced it with surprising control and they made a beautiful picture. The lovely Nocturne was particularly appealing.

Mari Akasaka who is returning to Japan in the fall after a session at Banff performed an exquisite Japanese dance which told of a young girl in love and her time alone in a garden where she communed with herself.

A gift of luggage was presented to Miss June Mitchell who is returning to England in the fall.

In my column of June 16, concerning the recent Kelowna Little Theatre play I made some statements regarding the direction. If in any way these statements proved detrimental to Mr. B. Bennett as director of the play in question . . . I am very sorry as I truly tended the statements in a general sense since I do not know Mr. Bennett's background.

Taxpayers Granted Reprieve On Hidden Revenue Source

OTTAWA (CP) — The federal and provincial governments are looking longingly at yet another tax field—a hidden sales tax on services.

But, mercifully for the taxpayer, they haven't yet found away to tap around all the difficulties. What might be taxed are haircuts and beauty treatments, auto repairs and the like.

Papers presented by the federal government to the constitutional conference of provincial premiers earlier this month said more needs to be known about the service industries before tax laws can be written to cover them. The papers were tabled in the Commons Monday by Prime Minister Trudeau.

Federal and provincial officials are being told to work out the details of how a provincial indirect commodity sales tax could be applied.

The federal papers said Ottawa is willing to let the provinces impose indirect sales taxes as well as direct taxes, if two important conditions are met.

MUSTN'T INFRINGE They must not impede inter-provincial or international commerce, and they must not spill over from one province into another.

Officials said there is nothing in the plan to prevent a province from applying both direct and indirect sales taxes.

Direct sales taxes, ranging from five to eight per cent of each retail sale, now are applied by all provinces except Alberta. An indirect tax would be levied on the retailer as a percentage of his gross sales.

The new indirect sales tax would be applied initially only to goods and commodities, and probably with the same exceptions of foods, drugs and some other goods as prevail for the direct tax.

But the extension of sales tax to services generally may be the next step. Some taxes now are levied on telephone services, for example.

The federal working paper for the June 11-12 conference says governments do not have sufficient experience with taxes on services to define them or to administer them. The Dominion Bureau of Statistics has classified services for statistical purposes, but tax officials have not examined them thoroughly.

WHO WOULD PAY?

One important question to be settled would be whether the service sales tax should be levied on the firms providing the service or the people buying it. Another big problem would be deciding how to tax interprovincial communications or repair services be taxed?

The federal paper raised the problem of taxing advertising services, management consulting and engineering services, brokers and accounting services.

"These problems suggest that the feasibility of indirect provincial retail sales taxes should be examined first in respect of goods or tangible personal property, and then after the problems related to this first area of taxation have been solved, secondly in respect of services."

It may be found, indeed, that provincial taxes on services ought to remain direct taxes.

COMMON IN THE U.S.

Ontario's Farm Community Declines Organization Plan

TORONTO (CP) — Ontario's farm community has said "no" to a proposal that it back a province-wide general farm organization financed by compulsory deductions from sales of farm produce.

The immediate result of a referendum Tuesday on the so-called GFO will probably be a continuation of the rivalry of two existing farm organizations, the Ontario Federation of Agriculture and the Ontario Farmers' Union.

The most significant development, however, may be the emergence of a nationwide farm union at a convention in Winnipeg next month.

With almost all the ballots in the referendum counted today, the voting against the GFO was 49,531 to 39,583—a vote only 43.8 per cent in favor of the proposal.

Provincial legislation passed early in June to permit creation of a GFO required a 60-per-cent majority in favor.

The referendum—described in the government legislation as an opinion poll—was to determine if farmers were prepared to support a GFO with compulsory payments of up to \$2 on every \$1,000 of their produce sold through farm marketing boards. Approval would have meant a maximum annual budget of \$2,500,000 to provide services to farmers and conduct research into agricultural issues.

STANDING STRONG

Opposition to the GFO was strongest in areas of the province generally considered strongholds of the militant Ontario Farmers' Union, which conducted a vigorous campaign against the proposal.

Typical was southwestern Kent County where the GFO received only 15.6 per cent of the votes. In neighboring Essex County, the response was only 23.8 per cent in favor.

Across the province in Ren-

frew County, the home of former OFU executive Delmar Bennet who joined the campaign for a new organization early in March, the proposal got only 38.6 per cent of the vote.

Walter Miller, president of the OFU who stumped the province in his campaign, said last night the vote "was a down-to-earth farmers' success against regimentation and paves the way for establishment of a national farmers' union."

Malcolm Davidson, the Huron County hog farmer who headed the GFO campaign committee, refused to concede the victory to the farmers' union.

REMAINS HOPEFUL

While the proposal was rejected, he said, the number of farmers who voted for it was four times the membership of the OFU. He added that some farmers may feel their marketing boards are already doing all that is needed to improve farm incomes.

The vote also means the survival of the Ontario Federation of Agriculture, rival of the OFU which had thrown its support behind the proposal for a new organization. O.F.A. President Charles Munro said in an interview the organization will continue its efforts to unite farmers and plans to revitalize its structure.

Robert Carbert, an official of the department of agriculture, described the turnout of close to 90,000 farmers, their wives and other over 21 who are engaged in farming, as good.

Mr. Carbert said Mr. Miller's claim the GFO would be controlled by the government undoubtedly swayed many uncommitted voters. He added that increased school taxes and the re-organization of local government this year may also have been factors.

Only 18 of 54 counties and districts in the province gave the GFO proposal the required 60-per-cent support.

Canadian, U.S. Ministers Open Trade Talks Today

WASHINGTON (CP) — Ten vance payments on farm-stored Canadian and United States grain.

In general, the talks are designed to provide discussions on the full range of economic and financial questions, including balance-of-payments, investment, energy and trade.

Aside from Sharp, others on the Canadian team are Finance Minister Edgar J. Benson, Industry Minister Jean-Luc Pepin, Agriculture Minister H. A. Olson, Minister Without Portfolio Otto E. Lang, responsible for energy and water resources, and Ambassador A. Edgar Ritchie.

With Rogers will be Treasury Secretary David Kennedy, Interior Secretary Walter Hickel, Agriculture Secretary Clifford M. Hardin, Commerce Secretary Maurice H. Stans and retiring U.S. Ambassador Harold P. Lohder.

China Relents About Envoy

LONDON (Reuters) — Chinese authorities have eased the conditions under which they have held Reuters correspondent Anthony Grey in confinement in his house for the last two years, it was reported Tuesday.

He now is allowed to listen to music on his portable radio for the first time.

In a letter to his mother, Agnes Grey, he said he was told May 30 that he could spend 90 minutes each morning and afternoon either in the courtyard or in the three upstairs rooms of his Peking house.

Until this date his open air exercise was restricted to two 40-minute periods daily since the Chinese authorities confined him to one guarded room July 21, 1967.

GIVEN ACCESS TO BOOKS

In addition, the letter revealed, he now has been given access to all his books and permission to close the door of the room in which he spends most of his time. Previously the door had been kept open so that he was watched by his guards.

Gerald Long, general manager of Reuters, said after hearing of the letter: "Pending his release, which we hope will be soon, we naturally welcome this relaxation of the former rigorous conditions of Anthony Grey's detention."

The Reuters correspondent, a 30-year-old bachelor who was never charged with any offence, was detained following the arrest of Chinese journalists and newspaper workers in Hong Kong during violent disturbances in the British colony in the summer of 1967.

Eleven newspaper workers still detained are scheduled to be released by October.

William D. Barnetson, chairman of Reuters, told the annual luncheon of the agency June 12 that Reuters hoped and believed Grey would be set free in the later months of this year.

SALT PRICES

The mid-day sun has been known to do more damage to sports-minded people than actual mishaps while playing a game. Since illnesses caused by heat can be serious and at times fatal, be sure to drink plenty of water and take buffered salt tablets to replace lost salts lost through perspiration.

The BIG INCH

The ruled box above is a one inch display ad. It measures one column wide and one inch deep. It costs advertisers only \$1.54.

It looks kind of lonesome all by itself.

But look at it this way:

What you get when you buy a one-inch ad in The Kelowna Daily Courier is not just a single inch of space in the newspaper, but one inch multiplied by more than 8,000 copies each publishing day.

So, you are really buying 8,000 inches, which at 168 inches per page would be more than 47 printed newspaper pages.

That's a mighty big chunk of space for only \$1.54. And that price includes delivery to the reader's door or mailbox. Just imagine the cost of reaching all those "Courier" families by postcard. It would amount to more than \$320 just for the postage. But The Courier does it for a mere \$1.54.

So you can see that a little one-inch ad is really a pretty BIG INCH when it's advertising space in the Kelowna Daily Courier. And the figures show that it's the most effective and economical way possible to let people in this area know that you have merchandise or services they can use.

Call 762-4445 and let The Courier Display Advertising Department help you get the most out of your BIG INCH advertising. It can wake up sales for you!
